

Sewer Revenue Bond Ordinance On 1st Reading

Total Of \$10,000,000
With Minimum Monthly
Charge Cut To \$3.25

Placed on first reading Monday night by a 12-to-2 vote of the Granite City council was a \$10,000,000 sewerage revenue bond issue to finance the proposed master sewer and drainage program and sewage treatment plant. Final action on the ordinance is expected to be taken at the May 21 session of the council.

Prior to presentation of the bond ordinance, Alderman Frank Vesce, chairman of the council's Special Sewer committee, read a letter from C. W. Klassen, technical secretary of the state Sanitary Water Board, advising the city that the board is preparing a schedule of hearings for cities and industries which have not yet officially given notice of action to provide sewage treatment facilities. Klassen set a June 1 deadline and said the city's reply will determine the board's next action involving Granite City.

The \$10,000,000 bond issue now before the council includes sewer treatment facilities for compliance with the state order to halt pollution of the Mississippi River, and it includes the recommendations of the Citizens' Master Sewer & Drainage committee for storm water relief by providing a separate, two-pipe sewer system for the city— one to handle sanitary sewage and the other to carry off storm water.

The bond issue would be for a period of 40 years with the last of the bonds maturing June 1, 2022. The maximum interest rate set forth in the ordinance is 5 1/2 percent.

It would be financed with monthly charges assessed to the individual household, business and industry.

Minimum Monthly Fee
The minimum monthly charge per average household would be \$3.25, based on 13,000 gallons of water for each quarter, or about 17.2 cubic feet. In its Dec. 13 recommendation to the council, the citizens committee had suggested a 35-year bond issue with a monthly charge of \$3.40 for average household.

To be financed through the bond issue are a sewage treatment plant estimated to cost \$1,225,000; interceptors to separate the sanitary and storm water flow, costing \$1,400,000; a new system of storm water drainage sewer lines and ditches.

NEW CITY ATTORNEY
For Granite City, John Gitchoff, whose appointment was confirmed Monday night by the council.

Gitchoff New City Attorney For GC

Appointment of John Gitchoff as city attorney was presented to Granite City council members Monday night by Mayor Davis and was confirmed.

Gitchoff, whose law offices are at 1326 Niedringhaus avenue, resided in Madison at 1522 Fourth street. He formerly was Madison county magistrate and currently holds a county post of assistant state's attorney, which he resigned today.

He succeeds Atty. William L. Beatty, who resigned last month to devote more time to his private law firm. Beatty held the city post for seven years.

Frederick O. Roussin Stricken, Dies At 46

Frederick O. Roussin, 46, of 2009 Ponton road, died at 11:30 a.m. Tuesday at Elizabeth Hospital shortly after he was stricken by an apparent heart attack while shopping downtown with his wife.

He was a lifetime resident of the community, and had worked 25 years for the Granite City Steel Co., where he was a hot strip coil operator.

Surviving, in addition to his wife, are a daughter, Mrs. William (Yvonne) Wehrndt, East St. Louis; a brother, Karl of St. Louis; three sisters, Mrs. Earl (Aileen) Kahle of Edwardsville, Mrs. Clarence (Evelyn) Gusevalle of Prairie Town and Mrs. Arvill (Virginia) Bouse of Sullivan, Mo., and his parents, Mr. and Mrs. Lawrence Roussin of St. Clair, Mo.

Funeral arrangements are given in the obituary column.

WIDENING, PAVING AND FENCING the Nameoki storm water drainage ditch for virtually its entire length to speed the runoff of surface water and to provide protection against drownings was outlined for the master sewer and drainage committee Monday night by Mayor Davis. A \$10,000,000 revenue bond ordinance for pollution abatement and storm water relief.

No Bids Sought For City's \$147,500 Garbage Contract

Without a call for bids, a motion was made to award a \$147,500-a-year contract to a private firm, United Disposal Corp., to handle garbage and trash in Granite City, and to provide immediate opposition and motions for deferment of action Mayor Davis told council members Monday night he would have the contract ready for presentation at the next council session on May 21.

The two requests for deferment, which ended debate on the issue, were made by Alderman Samuel Whitmer and Mrs. Gabrielle Bettencourt, who objected to the mayor's statement that he would instruct the city attorney to proceed with the preparation of a three-year contract.

Other aldermen called for more details and for added time to study the proposal, which they said was being rushed, instead of being thoroughly considered by the council.

Mayor Davis pointed out that he had been authorized at the April 23 meeting to get figures which he submitted to the Sanitation committee in advance of the council session. "I had hoped to get four proposals from St. Louis and St. Louis county firms, but only three came in," he added.

Other Proposals
The others were submitted by Zylkan Bros. Co., \$165,000; Marvin Pasheer, former collector for the city under private contract, \$150,000.

The mayor said he figured the bids would be greater than \$200,000 a year. The proposal calls for the operation of four collection trucks for once-a-week collection, garbage to be wrapped and for both garbage, and tin cans to be placed in a single container for single handling by the work crews. The firm also would use the city dumping grounds for disposal.

Several aldermen questioned the savings, pointing out the sanitation department expenses also included weed cutting and insect spraying, which would not be included in the private contract.

Alderman Donald Partney said the city could follow the procedure outlined in the proposal, using four trucks instead of the six at present, reducing the 15-man department to 12, and 20 operating on a land fill operation, Mayor Davis questioned the cost of operating on a land fill basis, saying it would require the hiring of a hauling engineer and added equipment.

Cut City Dept. Costs
However, Partney told the Press-Record the city's cost for the sanitation department could be reduced greatly with changes in methods of operation and would be more economical than the proposal, because the city could pay the contractor for the cost of the city's collection trucks and the total is under the price set forth in the proposal. Partney said the total for the department with those deductions amounted to \$143,343.

The costs in 1960-61 also included \$8800 for maintenance of the city dump and \$1272 for road maintenance at the dump.

In the 1961-62 fiscal year ended April 30, the department expenditures totaled \$154,448, which included \$8538 for a new garbage truck, for 11 months.

Alderman Walter Norn said several of the city's collection trucks are old and will soon need replacement.

'Island' of North Granite Annexed By GC Council

An unincorporated area of North Granite completely surrounded by the city of Granite City was annexed by ordinance during Monday night's council session. It was explained that when such an "island" exists and contains less than 60 acres in size, the annexation can be carried out without an election.

The "island" was created in the past several years as the city annexed the plan filed by A. O. Smith Corp. and more recently the R. C. Cola Co. According to Alderman Donald Partney, who had requested the annexation ordinance be prepared several months ago.

When questioned by Alderman Walter Norn, Partney said that he had not made any promises to the residents of the area, but he said \$100,000 was included in the city's master sewer and drainage program to provide sanitary sewer lines.

Trunk Sewer Nearby
Partney explained the trunk sewer street, Ruffus Ladd street, would provide a nearby main sewer. It was installed by the city to A. O. Smith plant at a cost of \$100,000 and at that time the hope was to extend lines into North Granite. However, the Ladd street would have been \$600 and the monthly charge \$6, which was far out of reach," he explained.

Alderman Edmund Bartoski questioned whether many of the homes in the area would meet the city's building standards. "We shouldn't annex an area, if we're going to turn around and start condemning the homes," he stated.

In the suspension and passage vote, those favoring the annexation were Ruffus Ladd street, Charles Meyer, Paul Rutledge, Casimir Skubish, Samuel Whitmer, Mrs. Gabrielle Bettencourt, Arthur Wierzer, Frank Vesce, Joseph Cavan and Ford Johnson. Opposing it were Norn, Bartoski and Steve Basarich.

Undergo Surgery
The following are recovering at St. Elizabeth Hospital from surgery which they underwent this week: Carol Oliver, 2215 Washington avenue; Bernice Evans, 3040 Iowa street; Elsie Ruffell, 9 Del Rio Lane, 2823 Iowa street; Dorothy Willis, 2428 Madison avenue; Katharine Johnson, 2141 Delmar avenue; Esther Mouser, 2203 State street; Vernon Ellis, 2115 Washington avenue; Betty Jean Starko, 2356 State street; Pauline Pinkney, 1829 Market street, Madison; Charlotte Vorwald, 2820 Washington avenue.

Continue Cleaning In Madison; Oil Next Week
With patting and cleaning continuing on Madison avenue, motorists still should not pass on the street for its entire length in Madison between 7:30 a. m. and 5:30 p. m. Monday through Friday, Street Supt. Stanley Lucas said.

The street will be closed early for oiling and sanding for about six hours, Lucas said, Tuesday, Lucas said, with all traffic routed over State street. Asphalt paving will follow, but the date has not been set.

McCaslin Inquest Held
An inquest conducted last night by Deputy Coroner John Sedlack returned a verdict of accidental death in the case of George McCaslin, 22 of Lake street, who was killed in a car crash on the street and Edwards road, Friday, when his car was struck by a truck.

McCaslin was 22 years old, a high school senior, and was a member of the Lake street football team. He was a member of the Lake street football team.

The board gave verbal assurance that the local will be accorded a written agreement for the next school year, but took no action on two other requests for immediate approval — payroll deduction of union dues and appointment of three or four board members to negotiate with the teachers' salary and policy committee.

Mrs. Helen Bjorkman, chairman, and other committee members stressed that while details of the suggested agreement are subject to negotiation and revision, they feel that a substantial pay increase for teachers is justified by the earnings of other professions.

Cost of the proposal was estimated informally at \$400,000, on the basis of about 500 persons for the next year, with increments on the present 12-year, six-batch schedule, the increase for teachers would range from \$100 to \$128 a month.

Study Funds, Legal Aspects
The board voted at its meeting concluded at 2 a. m. yesterday, following a discussion, to have Dr. Kasper inform the local that no action on the salary increase will be taken until financial and legal studies are completed. Instead of waiting until May 22, the next board session, the board will meet at 8 p. m. May 16.

GC Board Told of Improper Votes, Takes 3 Actions

Granite City's school board received a report Tuesday night verifying April 14 voting irregularities and took three remedial actions.

The board altered the past policy of immediate payments to election judges; decided to post signs in polling places listing eligibility requirements; and placed in its official records a statement noting that the state's attorney's office has started an investigation and that the district is cooperating with it.

The administrative staff advised the board that a check of school age records revealed seven under-age voters at Precinct Three, Washington grade school.

Of the seven, three are currently enrolled in school; the other four do not attend school. The ages of the four people are 18 years and nine months, 19 years and one month, 20 years and eight months and 20 years and 10 months," the report related.

The investigation consisted of a comparison of the poll book with the city directory, Washington school records, telephone directory and Granite City school current, graduate and drop-out files.

Questioning In Progress
Board members noted that M. Richard Allen, investigator on the staff of the State Attorney, Dick H. Mudge Jr., is interviewing local residents, some of whom are under 21 years of age, to determine if they are under-age voters for questioning.

Mudge asked Allen to conduct a preliminary investigation after Granite City school officials had said they felt the state's attorney should have the responsibility for prosecuting election law violations.

The board approved Monroe Worthen's proposal that checks not be given to poll judges until after their names appear on the precinct's list. Ralph Erickson said the judges would have to be paid if they appeared and operated the polls but Worthen and President Robert Spengler said it was embarrassing to the board to have the judges already paid before their performance could be evaluated.

Homer Hutter urged formal notification of Mudge that irregularities had been found, but this was opposed by Spengler and Erickson, who pointed out that Mudge's office already had responded. Supt. Harold M. Kasper said he had shown Allen the poll books and the results of the staff's survey.

Fricker contended that one precinct is being singled out while the others are not. He said he knew there could have been similar violations in other precincts.

The posting of signs inside voting places giving details of voting requirements was authorized at the suggestion of Daniel Linder.

Ralph Buske expressed concern over the minor irregularities and said he would be glad to sign before the board.

May Check Other Precincts
Attorney Maurice Dailey said that if further notice was given to the state's attorney's office, it would be necessary to specify any precinct. He added that Mudge's staff probably will make at least random checks of other precincts.

Bandits Admit Six Holdups; GC Police Seize Guns, Loot

Diligent police work by the Granite City department and sheriff's office resulted last night in the clearing of six recent holdups staged in the area by a "hooded trio." Police this morning arrested three Granite City men who last night were charged with armed robbery and a faith is in custody of the Jackson county sheriff's office and is to be returned here today.

The three men arrested here last night were charged with robbing five taverns and a confectory between April 15 and May 4, including four taverns and the store in the rural area outside Granite City and a tavern at Adams and Adams streets. Not all of the men were involved in all of the robberies. They worked as a trio or quartet, police said.

Acting on "information," Granite City police officers put the men under surveillance for several days. Tuesday night they picked up Charles Biggs, 34, on West 20th street.

Later that night, detectives who were watching Frank Elmore, 33, and Roscoe Terry, 36, picked up the two suspects who were in Terry's car on West 20th street.

New Appointments To GC Zone Appeal, Planning Boards

New appointments to the City Planning Commission and Zoning Appeal board were presented to the city council Monday night by Mayor Davis and were confirmed.

Named to the Planning Commission were Donald Stucke, a salesman for the Cochrane Agency, and Alvin T. Barnes Jr., executive director of the Associated Retailers & Civic Association. The mayor said resignations had been received from Jack Green, business agent for the Laborers local, and Lenard Fleishman of Fleishman's Men's store. Stucke's appointment to replace Green extends to April 30, 1964; while Barnes will serve in place of Fleishman until April 30, 1963.

Commissioners whose terms expired last April 30 are Robert Spengler, president of the school board; Barry Loman, president of the park board; and Carl Randt, chairman of the Tri-City Regional Port Authority. The mayor plans to make these appointments at the next regular council session. He said Randt has submitted his resignation.

Replacing Terry Francis, local realtor and lawyer, on the Zoning Appeals board, is Fred Fosselick, salesman for the Lueders Agency, whose terms will expire April 30, 1963. Reappointed to the board until April 30, 1963, was Glen Hollis of Hollis Lumber Co., who also was named chairman, replacing Francis in that office.

Mayor Davis said the resignations were received from the men, because of the press of other business, to attend the scheduled meetings of the two bodies.

Freedom Vs. Communism Session Set Monday

Glen F. Keithley, discussion leader for the "Freedom Versus Communism" course being given by the Tri-Cities Chamber of Commerce, announced that the sixth of eight workshop seminars will be held at 7:30 a.m. Monday at the C. of C. conference room on Edison avenue.

The series is an economics course comparing the systems of the free world and communists. Seventeen members of the Chamber are attending the course. The coming seminar is entitled "The Big Picture." Subjects to be discussed include our national accounting system; the national flow of output and income; roles of consumer spending, business investment, government spending and taxing; demand and inflation; and ups and downs of a free and dynamic economy.

Opens Door Into Traffic

A minor accident occurred in the 1900 block of Edison avenue Tuesday when Mrs. Ruby Meyer, 49, of 439 Lake drive, opened a rear door of an auto into traffic. She was a passenger in the parked auto and escaped injury. The door caught the fender of an auto driven by Eldon R. Goodson, 23, of 23 Grenzer Homes, Madison.

PAPER MACHE FIGURES of various sizes are examined by Central grade school students Larry Dickson, 13, of 2605 East 24th street, and Linda Waggoner, 14, of 2629 East 25th street. The two students had their own exhibits displayed elsewhere among four rooms filled with art work which was on display Tuesday night at the school.

Annual Display of Art At Central School

Art work accomplished during the fall and current semester was displayed Tuesday evening at Central grade school for parents of students who completed the projects during classroom hours.

An annual display at the school, the work filled three classrooms and the school gymnasium, and represented a wide variety of materials and ideas.

The Central seventh and eighth graders came up with creations in plastic, metal, wood, clay and paper mache. Numerous carrel and watercolor posters and drawings also were displayed, together with weaving, basketwork and creations in ceramics.

The open house was arranged by art instructors Miss Jacqueline Heuser and Miss Virginia Bozarth.

87% Stockholder Representation At GC Steel Meeting

A total of 3,780,370 shares of common stock, or 87.4% of the 4,327,798 shares outstanding, was present in person or by proxy at the annual stockholders' meeting of the Granite City Steel Co. here Tuesday for a record high in representation.

Nicholas P. Veeder, chairman of the board and president, told stockholders the company is negotiating with insurance companies holding first mortgage bonds for refinancing them and its current bank credit, the two major elements in the company's long-term debt.

Veeder said the proposed private placement refinancing would include the remaining principal of \$20,600,000 on the first mortgage bonds and the amount in 90-day bank notes then outstanding under a \$30,000,000 credit agreement with seven banks, along with some additional funds for general corporate purposes.

Reporting on the iron ore explorations at Bourbon, Mo., conducted by the company for over a year, Veeder said more than 100,000 tons of high grade ore was found and that the local plant would soon open a mine there jointly with American Zinc, Lead & Smelting Co. Its statement to the board was the first indication the local industry planned to operate the mine, but the time element was not clarified.

Elect Directors
The following directors, in addition to Veeder, were elected by the stockholders:
L. G. Bissell of New York City, attorney; Bertram B. Culver Jr. of St. Louis, president of the Culver Educational Foundation; Alken W. Fisher, Pittsburgh, president of the Fisher Scientific Co.; James L. Hamilton Jr., executive vice-president and general manager of sales of the steel company.

James P. Kieckhefer, Milwaukee investment banker; Sidney Maestre, St. Louis, chairman of the executive committee of the Mercantile Trust Co.; Erwin Niedringhaus, vice-president in charge of tinplate sales for the company; William Rodgers, Pittsburgh, senior vice-president and general sales manager; Blaw-Knox Co.; George R. Schierberg, St. Louis, former president of the company; and L. J. Sverdrup, president and director of Sverdrup & Parcel and Associates, Inc., St. Louis.

Girl Reported Missing
Jennal Watkins, 14, Negro, of 143 Lee Wright Homes was reported missing Monday afternoon to Venice police. Her mother, Mrs. Josephine Watkins, said she had not been seen since leaving home last Friday to visit in Brooklyn. She was wearing a white sleeveless sweater and green dress.

MORE ABOUT Sewer Revenue Bond Ordinance

(Continued from Page 1)

\$7,300,000; sanitary sewer lines in North Granite, \$100,000, and improvements to the Nannook storm water drainage ditch, which would include widening and paving the ditch and fencing it to prevent mishaps, \$1,535,000.

Through widening and paving the ditch virtually its entire length, the runoff of storm water would be much faster and greater, according to the engineer, and would necessitate the need for fencing. The fence protection has long been sought by residents of the Nannook area.

Total amount of the construction planned is \$11,535,000. However, the city is hopeful of a \$600,000 federal grant toward building the treatment plant and interceptor sewers and for the East Side Levee & Sanitary District to finance the \$1,535,000 improvement program for the Nannook storm water drainage ditch, which it built and is maintaining.

Debate Is Brief
Council debate on the ordinance was brief as the 11 o'clock curfew was rapidly approaching. However, several aldermen said they hoped the issue would be presented to the residents in a special referendum and indicated they would aid in initiating petitions calling for a city-wide vote.

The ordinance specifies that such petitions requesting a public vote on the bond issuance must be submitted within 10 days after the ordinance is published, following its adoption. The petitions must be signed by 15% of the number of electors who voted in the last major election, or 2250 to 2300 signatures.

In the debate, Aldermen Edmund Bartolacci, who said he would not be able to stay for the roll call since he had to go to work, told council members he had discussed the project with 237 people in the Second ward and found only two for it. "For the record, I must be against it," he said before departing.

Alderman Donald Partney stressed the added advantage of the city's qualifying for \$30,000,000 federal urban renewal funds through adoption of the program. "Without this program, the city would be at a standstill," he added.

In the roll call, aldermen voting for first reading were Rufus Zahner, Charles Meyer, Partney, Emil Von Schmitt, Paul Rutledge, Samuel Whitmer, Steve Kasari, Mrs. Beltrine, Arthur Wierzer, Joseph Cavar and Ford Johnson. Mayor Davis added his vote. Voting "no" were Walter Nott and Chas. Skubish.

Skubish said he based his objections on the lack of new drainage lines in the Nannook area. Partney told him the improvements to the Nannook ditch would improve drainage in the Sixth Ward area.

Urgency Of Program
With the letter from the state Sanitary Water Board, the city committee is stressing the urgency to proceed with the program in order to solve the city's existing drainage problems, provide capacity to the existing sanitary sewer system and through separation of the present combined sewer system to save on the cost of a sewage treatment plant.

Should the city build a treatment plant to handle the present combined flow of sanitary sewage and storm water, the cost of June 1, 2002.

Compulsory Age For City Workers' Retirement Is 65

Over objections by several aldermen who said at least a year's notice should be given, Granite City council members voted Monday night for compulsory retirement by city employees upon reaching 65 years of age. About four employees are involved at present.

The ordinance was passed on suspension of rules and it was indicated the retirements would be started within a few weeks on an economy measure. However, Mayor Davis said pensions of the men would be cleared before anyone is retired. The effective date was set at May 1, 1962, and employees reaching 65 after that date would be retired from the city jobs on their anniversaries.

The required retirement does not apply to appointed officers of the city, the ordinance specifies, which objects said was discriminatory.

In addition, the ordinance spells out that no person will be eligible for employment until a resident of the city for two years. Aldermen Arthur Wierzer called for an amendment to five years, but was voted down 7-0-5.

Wierzer said that when the ordinance was first prepared a year ago, it was stipulated a year's notice would be given to persons under the compulsory retirement ruling. "It should be a year instead of two weeks," he stated. Objections to any quick retirement also were voiced by Aldermen Donald Partney, Paul Rutledge and Samuel Whitmer. It was approved by a 11-0-4.

would be \$2,237,000, compared to the \$1,223,000 for a plant which would handle only the sanitary sewage flow from a separate sewer system.

The \$2.25 minimum monthly charge per average household is expected to apply to more than 9000 of the 11,500 household units per city, according to the engineer.

The rate schedule above the sewer charges is based on cubic feet used per quarter. The minimum per quarter would be 38.75 with additional charges of 36.25 cents per 100 cubic feet for the next 39,000 cubic feet; 48.12 cents per 100 for the next 39,000; 40 cents per 100 for the next 81,000; 31.25 cents per 100 for the next 81,000; 22.12 cents per 100 for the next 81,000; 12.75 cents per 100 cubic feet for the next 597,000 cubic feet of water consumed and five cents per 100 cubic feet for all over 999,000 cubic feet of water.

For water consumers with meters larger than those at the average home, the minimum rates would be \$4.40 a month for a three-quarter inch meter, \$8.75 for a one-inch meter, \$14 for a one-and-a-half inch meter, \$22 for a two-inch meter, \$38 for a three-inch meter, \$83 for a four-inch meter, \$183 for a six-inch meter and \$325 for an eight-inch meter.

Surcharges quarterly for industries for suspended solids dumped into the city sewer system would amount to \$18.50 a ton for the first 30 tons, \$16 a ton for the next 120 tons, \$13.50 a ton for the next 300 tons and \$13 a ton over 450 tons.

Quarterly industrial charges for use of storm sewers for unpolluted water would be set at 5.625 cents per 100 for the first 30,000 cubic feet, 4.812 for the next 39,000, 4 cents for the next 81,000, 3.125 cents for the next 81,000, 2.312 for the next 81,000, 2.25 cents for the next 81,000, 1.275 cents for the next 3,599,000 and a mill for all over 3,999,000 cubic feet.

The bond ordinance provides for the first ten \$100 bonds to mature on June 1, 1969, with 1250 to mature on the final date of June 1, 2002.

Area Study Commission Meets Here To Organize

The Southwestern Illinois Area Study Commission held its first meeting Tuesday night to elect officers and acquaint members with its aims. The meeting was held at the YMCA. The commission was created by the state legislature by a bill introduced by Rep. Paul Simon of Troy. At present, its membership includes residents of Madison and St. Clair counties, officials of Southern Illinois University, the Southwestern Conference of mayors and state legislators.

While primarily concerned with problems pertinent to the two counties, the commission is not limited to those two counties and could, if necessary, be expanded to include other counties in the southwestern area.

Simon Named Chairman

The commission convened under the temporary chairmanship of Alton May, representative of the county board of supervisors, and elected officers. Rep. Paul Simon was named chairman, Rep. Alan Dixon of Belleville, vice-chairman, and Marion R. Groshong of Venice secretary-treasurer.

Simon said he would soon appoint committees and sub-committees to handle problems of water, sewer conservation, fire growth, sewers, schools, zoning and other matters.

He said the commission will consult with several other similar bodies to learn about problems and the way they were handled in other areas.

It is the intent of the commission to keep this area abreast of St. Louis and not allow southwestern Illinois to become slum areas. Such a commission facilitates the handling of problems due to the many communities involved.

The next session of the commission probably will be held in two weeks with Simon to announce the time and place. Plans are for the group to meet every other Tuesday, alternating the meeting place in Madison and St. Clair counties.

Other members include State Sen. James Gray, East St. Louis; State Rep. Frank Holten, East St. Louis; Rep. Gene Dunsen, Brees; Rep. Fred Branson, Centralia; Rep. Homer Butler, Madison; State Sen. Allan Schlagenhauf, Quincy; Leo Struif, Alton; Dr. William Tudor of STU.

Board Reviews Athletic, Other School Positions

Possible coaching assignment revisions were discussed by the Granite City school board Tuesday night in reviewing the school district's athletic program. A report is to be submitted for further consideration at a meeting later this month.

The discussion was one of those taking place during a 70-minute closed session near the end of a six-and-a-half hour board meeting.

Supt. Harold M. Kaiser reported at the regular meeting that no "yes" have been posted for staff members to advise them of the Coolidge junior high school assistant principal position, vacant at present for 1962-63. General qualifications were listed, with applications requested by today.

The board decided to employ two custodians to fill existing vacancies, selecting the first two who are available from a tentative "extra board list" of substitute custodians, based on length of time in which applications have been on file.

Study Permanent Substitutes

No decision was reached on formal approval of the extra board list or of custodial hiring procedures. Plans discussed without action included a "rotary board list" in which three persons would be employed as "permanent substitutes" with undesignated assignments but qualifying for the fringe benefits received by regular custodians.

It was decided to hire a third school chauffeur for 15 working days this spring to aid in grading work, including a low area behind Wilson grade school. Rocks and dirt have been used to fill it in, and it is planned also to use at Wilson earth excavated for Coolidge junior high school additions. Two residents of the Wilson school area attended to ask that possible hazards at the site be eliminated.

Additional attention also is to be devoted by various school staffs to mowing of grass on school campuses. It was reported.

Park Summer Program

Permission was granted to the Granite City park district to use school grounds for its 1962 summer recreation program. Names of Nedra, Niedringhaus and McKinley grade schools will be locations of the June 11-Aug. 3 recreation program.

The Niedringhaus gymnasium will be used for a summer "sports camp," and a classroom

City Bill List, Half-Month Payroll Total \$55,883

Maintenance of sewers continued to be the major expense item in Granite City. The bill list approved at Monday night's session totaled \$16,618, of which \$4903 was for sewer maintenance. Half-month salaries for city employees also were approved in the amount of \$39,205.

The sewer expenses included \$3500 paid to National Power Rodding Corp. for cleaning and television inspection of about 2700 feet of sewer on St. Clair avenue at the rate of \$300 a day, and the city paying the cost of transportation of equipment.

In addition, \$1397 was paid to A. H. Seebold Co. for rental of equipment and for repair of an eight-inch trunk sanitary sewer at Lynch and Woodlawn avenues. The city paid \$6.50 to Ray Lowe for electricity used to operate pumps on Terrace lane.

Maintenance and fuel for city vehicles cost \$2089 during the two-week period, and the city also paid \$1302 to East St. Louis & Interurban Water Co. for rental on 340 fire hydrants and service to city buildings, and \$1906 to Illinois Power Co. for street lighting and city building service.

Among other items on the list were payments to David J. Johnston, \$416 for engineering services during April; \$48 to Grand Cafe for 65 meals for city jail prisoners; and \$201 to Holiday Services for arranging two trips for Mayor Davis. \$104 for round trip to Miami, Fla., to attend the National Conference of Mayors working sessions starting on Saturday and \$97 for a trip to Washington, D. C., last week to appear before the Interstate Commerce Commission on opposition to the proposed merger of railroads. Davis said the amount would be reimbursed by the railway employees unions.

Other expenses of \$183 were approved for the mayor and the \$30 monthly expense allowance for Alderman Walter Noun.

will be utilized for recreation for the mentally retarded June 11-22. In addition, the Granite City high school baseball diamond will be made available during the summer months.

Dr. Kaiser reported that he had been invited by Gov. Otto Kern to take part in the Governor's Conference on Development of Illinois Youth Talents yesterday at Cahondele. He is a member of the state commission on education of gifted children.

and again that same week — on April 27 — they hit Bob Huden's tavern in Granite City.

In the latter holdup, three men wore black hoods and herded patrons at the bar into the men's room, a tactic they followed in their most recent robbery. One was armed with a shotgun, the others with revolvers.

At 11:30 p.m. on Sunday, April 29, three men robbed a South Roxana tavern. The owners, Mr. and Mrs. Walter Noskinecki, offered no resistance and were not harmed.

Latest stickups in the string, two in less than a week, Friday night, were at the Cedar Park Confectionery, 5429 Maryville road, and Zamaron's tavern, 3908 Lake street.

In these robberies three men wore white hoods, probably stockings or undershirts, and had on blue jeans with sweat shirts or sport shirts hanging outside, and were described as shabbily dressed.

All three carried shotguns, while one had an old model pistol, possibly of European make. They escaped in an old black car.

The two incidents last Friday night followed closely the pattern of previous holdups. The trio entered the confectionery late, just before closing time. They went from the bar directly to the tavern.

In at least two of the robberies the men, armed with shotguns, pointed their weapons in demanding the money. They placed a gun against the head of a barmaid, and the confectionery operator was slugged by a second gunman when he hesitated aside the weapon of the first one to enter his store.

The men became more greedy as they went along, taking wallets and purses from customers in their most recent robbery. They even took open packages of cigarettes off the bar.

Their loot amounted to \$129 cash from the places robbed, plus the contents of three men's wallets and two women's purses, a check for \$10, a 22 caliber pistol, about \$100 worth of whiskey and a jar of sauce and one of the gunmen took from the tavern.

Trio Fined For Brass Thefts In Venice

Guilty pleas were entered before Venice Police Magistrate Wesley Edwards last night by three men charged with petty larceny in thefts of brass from the Hyman-Michaels Co., Venice. They were charged with taking \$55 worth of brass Tuesday night and a similar theft on April 16.

P. C. Rogers, 34, of 810 Washington street, Eagle Park, and Lee Vaughn, 20, of 212 Weaver street, Venice, were each fined \$175 plus \$3 costs. Both are to be transferred to the county jail for non-payment. Joe Lee Wooten, 36, of 110 Harrison street, Eagle Acres, paid \$100 plus \$3 costs.

Pickett, Walker

Granted Probation

Abraham Pickett, 19, of Venice, and Harold Walker, 17, of Madison, were each granted probation at hearings Monday in circuit court at Edwardsville.

Both were placed on three years' probation after pleading guilty to three indictments of burglary and larceny including a Dec. 28 break-in at Madison high school.

Overtime Pay Boost

degrees. The master degree list for zero to 11 years of teaching experience shows pay progressing from \$677 to \$694, \$711, \$730, \$766, \$783, \$822, \$844, \$866, \$877 and \$900.

Top schedule, for those having master degrees with 190 university credit hours, would range from \$700 to \$922.

The proposed schedule for teachers having bachelor degrees with 150 credit hours varies from \$653 to \$877. Non-degree teachers, no longer newly hired, would receive between \$516 and \$738; there are one below the proposed \$655 seventh-year bracket.

The agreement would establish \$5-an-hour overtime pay for activities performed at the school district's request and for compulsory attendance at any function after 3:30 p.m. on weekdays, or at any time on weekends.

Other provisions of the teachers' request follow:

• The agreement of the local 'as sole bargaining agency for its members.

• Any teacher desiring to accept the agreement negotiated by Local 743 would be considered as a member of the local.

• The working agreement would be in writing, with copies furnished to all members of the local. Agreements would be signed upon signing of the agreement.

• Once in effect, the agreement could not be questioned by other party without 90 days' prior written notice.

• Upon failure to reach agreement by May 20, issues would be submitted to two independent arbitrators, one selected by the board and the other by the local. Their decisions would be binding on both parties, and each party would pay the expenses of its arbitrator.

• If the two failed to agree, they would choose a third arbitrator.

• Agreements reached in the fall would be retroactive to the opening date of school.

• AFT dues would be deducted from pay twice a year on the basis of individually-signed voluntary check-off authorization cards.

• Mrs. Bjorkman served as spokesman for the group, and Mrs. Vera Farrow, board members asked for and received clarification of several of the requests.

• The committee chairman asked that details of the requests not be publicized until an agreement has been completed, but President Robert Spengler told her the board has no authority to limit news coverage of developments during its public meetings.

• Near the start of the meeting, before the teachers entered the board room, it was voted unanimously to extend the superintendent's contract. Noting that three-year contracts have been given Dr. Kaiser previously, and the present contract has another year to run, President Spengler said the action would show confidence in the superintendent and that such a step was appropriate at the start of the negotiations.

• Introduced by Spengler, the extension was voted 7-0. A motion by Secretary George Stidham and second by Monroe Worthen, The president praised the superintendent's work and Dr. Kaiser thanked the board and said, "We will continue to give our best performance."

• Dr. Kaiser cited as the major challenges a 6% annual enrollment gain, continued curriculum improvement, continued improvement of service to students, and efforts to qualify for all state funds and other aid available to the district.

City Court Jury Is Hearing First Case

A city court jury was hearing testimony today in the first case of its two-week setting before Judge Fred P. Schuman. A lawsuit growing out of an auto accident, the docket lists the plaintiff as Ronald E. Berry and the defendant as Elmer Fry. The session started Monday.

Mrs. Helen Homan, clerk of the city court said this morning that the case is expected to go to the jury late this afternoon or early tomorrow. Other cases are scheduled for trial Monday and Tuesday.

Warrior Netmen Steam Past Oilers; Are Assured Of Tie For SWC Title

Warrior tennis team members assured themselves of no worse than a tie for first place in the final Southwestern conference standings Tuesday in Wood River by dumping the host Oilers 4-1 in Granite City's final 1962 SWC outing.

Dick Harmon's outfit finished at 6-2 in conference matches. Contenders Edwardsville and Belleville also have lost twice. All three schools took turns defeating each other during the season, and each will have two entries in the May 18-19 state tournament at Champaign as the result of play in the district tournament at Roxana last week.

Coupled with a 5-0 shutout of Roxana on Monday afternoon, Granite City's win over Wood River boosted the Warrior netmen to 10-3 for the season.

The results at Wood River:

No. 1 singles — Mike Barnes (GC) defeated Dave Jack, 6-0; No. 2 singles — Tom Moore (GC) defeated Joe Eckman, 6-3; No. 3 singles — John O'Dell (GC) defeated Bob Gibson, 6-1, 6-1.

No. 1 doubles — Bob Buente and Wayne Hancock (GC) defeated Lester Books and Mike Duncan, 6-1, 6-2; No. 2 doubles — John Lindquist and Larry Curtis (WR) defeated Dennis Zerian and Joe Mangiaracino, 6-1, 6-3.

Roxana Blanked Again

With No. 1 and 2 singles players Mike Barnes and Bill Logan ailing Monday afternoon, Harmon moved up Tom Moore and John O'Dell, and both responded with wins as the Warriors blanked Roxana for the second time this year, 5-0, in Roxana.

fourth. The Trojans could muster just four hits as they were shut out for the first time this spring. John Onesty and Bob Petrovski had doubles for the Trojans, who will play an important non-conference game this afternoon at Granite City.

Five gift runs in the fifth inning at Highland Monday afternoon helped Madison knock the Bulldogs from the unbeaten ranks, and threw a different light on the Midwestern conference race.

The Trojans got five markers without mustering a hit. Three costly Highland errors, two fielders' choices on which the Bulldogs failed to nail Madison runners at all plate, three walks, a hit batsman and a sacrifice were tied together in the weird game.

But the Trojans outdid Highland anyway, 9-8, with winning pitcher Dan Trotts (4-1) keeping the Bulldogs blows well-scattered and walking just one batter.

Things evened themselves out in the seventh inning, when four Madison hits produced only two runs but provided the final 9-3 margin against losing pitcher Larry Schlechte.

Mike Dillon had three singles to lead Madison hitters, and a Trots continued to display his ability to get on base with two hits and a walk in four trips.

Race Tighter

Highland is 5-1 in the MVC and still leads the pack with four games remaining. Madison, which earlier spoiled Exeter's perfect conference record, has won its last four Midwestern starts, has a 5-3 conference record and could finish in a first-place tie, depending on what the Shells and Bulldogs do in their remaining games.

McClanahan said he will probably pitch Trots this afternoon against Granite City. The game is set for 4 o'clock at Wilson Park.

Tiger Frosh 4-1

Tennis Victims

Of Coolidge JHS

Coolidge junior high school swept all singles matches and upped its 1962 tennis record to 4-1 at Edwardsville yesterday in handing the Tiger freshmen a 4-1 setback.

Country Day of St. Louis, the only victory over Bob Whelan's Braves this spring, will offer a tough test here today at 4 p.m. on the high school courts. Coaches' frosh were 5-0 winners at Country Day earlier in the season. The match results at Edwardsville:

No. 1 singles — Rusty Toburen (C) defeated Terry Neubauer, 6-1, 6-1; No. 2 singles — Jerry Walters (C) defeated Bob Myers, 6-2, 6-1; No. 3 singles — Drew Karandjoff (C) defeated Tom Schmid, 3-6, 6-4, 7-5.

No. 1 doubles — Sonny Stark and Paul Grove (C) defeated Dick Hoover and Bill Hansen, 8-8, 5-7, 6-4; No. 2 doubles — Ron Banjevic and John Rotter (E) defeated Dick Blumenstock and Bernie Helman, 6-2, 6-1.

10-Run Inning Wins

For Roxana Frosh

Roxana's freshman baseball club scored 10 runs in a big second inning and rode to an 18-9 victory over Prather junior high school yesterday at Roxana. Tom Sturdivant, the first of four pitchers employed by the Chiefs, was the loser. Prather committed nine miscues, and the club's record dropped to 6-3. Jim Rains had a double and triple for the losers, who will play Madison today at 4 p.m. in diamond No. 2 in Wilson Park.

Don Freeman Will Attend U. of Illinois

Madison high school basketball ace Don "The Ze" Freeman has signed a letter of intent to the University of Illinois, ending speculation as to what school would land the talented all-state cage performer.

Freeman, who established a one-year school scoring record during the past season when he hooped 778 points in 29 games for a 26.8 per game average, has received a full, four-year tuition scholarship at Illinois, according to his prep coach, Earl McClanahan.

Freeman, who earned his nickname from the uncanny ability he displayed in weaving and twisting through opponents' defenses to get off a deadly jump shot — sometimes against taller defenders and almost always against a gang-style defense — was the cog in a Madison basketball machine that rolled up a 28-1 record this past season, the best prep record in Illinois.

Madison was upset, 71-68, by Belleville in the finals of the sectional tournament when Freeman fouled out in the third quarter, but the 6-3 senior had been before established himself as one of the top prep players in Illinois.

From Two Doses Collected

He drew all-conference, all-district, all-Southern Illinois and recognition his senior year, after playing in the shadow of teammate Ed Walker the previous season. McClanahan described him as "a late comer who developed fast during the early part of the 1961-62 schedule."

St. Louis University, which landed Walker last year, was only one of two dozen major colleges and universities which had sought Freeman.

Eight Big Ten schools are known to have put forth serious efforts for the prep standout, with Northwestern running a close second to Illinois in Freeman's final decision.

Depot Squad Still Alive In 5th Army Volleyball Tourney

The Granite City Engineer Depot's volleyball squad eliminated Fort Leavenworth, Kan., 16-14, 11-15, 12-12 Tuesday during the second day of play in the Fifth Army area volleyball tournament at Fort Sheridan, Ill.

The depot squad had been beaten in the first round Monday by Fort Sheridan, 15-6, 9-15, 5-15, but completed again yesterday in the double elimination tourney.

The depot team is playing in the Class AA division of the tournament for teams from posts of less than 5000 personnel.

Flyers Soar Past GCHS Track Team

Granite City high school's varsity track team dropped its sixth consecutive dual meet decision Tuesday afternoon in East St. Louis, dropping a 92-27 de-

cision to the host Flyers. East St. Louis finished first in all 14 track and field events, with the top GCHS efforts being a second in the high hurdles by Ardell Blind and John Allen's third-place finish in the 440.

Gary Lomax won the mile in 5:02 in junior division competi-

tion with the Flyers, but the GC juniors also were beaten, their first loss in six dual meet outings this spring.

O'Fallon Extends GC Losing Streak To 7 Games Tuesday; Redmen Meet Madison Today

How do you break a losing streak? Granite City high school baseball Coach Joe Fedora admitted today that he has run out of ideas.

"We've tried everything, just about, and nothing seems to help," he said following the Warriors' seventh straight setback here Tuesday in a non-conference game against O'Fallon, 10-6.

Fedora employed 18 players, very nearly his entire squad, against Tuesday's visitors and although GCBS scored more runs than its combined total in three previous games, the Warriors could come up with only three hits.

"We've tried one extreme (almost nightly batting practice) and today (Wednesday) went the other way," Fedora said. "Everybody on the squad, with the exception of the pitching staff, was given an afternoon off."

Merckel Masterful
O'Fallon hurler Bob Merckel if he had been given top-run support in the field, could very well have shut out the Warriors. As it was, he scattered three singles and bailed himself out of trouble in two innings, the

fifth and seventh, when he loaded the bases with two high school came back to strike out the key man in both frames.

The visitors overcame a 1-0 GCBS lead in the third, when they touched starter and loser Charlie Papp for seven runs on six hits. The hits included a bases-loaded triple to right by Summer but also a couple of "bleeders" through the infield and a pop fly that should have been caught but fell for a double.

Terry Kofahl came on to pitch for the Warriors in the fifth, but not before another long triple by Ed Burger had helped O'Fallon to three more runs. Perry Taton pitched the final two innings for the Redmen.

Merckel, keeping the ball low, not allowing it to hit out of the infield in the air. Bob Karandjeff, Ron Yates and Al Taylor, who divided the GCBS hits between them, each singled on the ground.

"We're sure like to break out of it Thursday," Fedora said. The 3-10 Warriors are at home today to an improved Madison baseball which has won its last four starts. Either Taton or Larry Corey will pitch for the home forces in the 4 p.m. contest.

UNLUCKY 13 in this case was Granite City baserunner Al Taylor, who tried to go from first to third on a passed ball during fourth inning of non-conference baseball game Tuesday at Wilson Park with O'Fallon. Taylor, who stopped and retreated back toward second, was caught and tagged out by O'Fallon third baseman Ed Burger. Umpire is Bernie Dennison.

Marine Cpl. Lopez Is Awarded Medal
Cpl. Natidita Lopez, USMC, son of Mrs. Mary G. Lopez of 807 Fourth street, Venice, is serving with Marine Wing Service Group 37 at the El Toro Marine Corps Air Station, Santa Ana, Calif.

He was recently awarded the "Good Conduct Medal" for demonstrating high achievement in conduct and proficiency in rank during three years of continuous active service.

Prior to entering the service, Lopez attended Venice high school.

Prather Cindermen Nipped By CJHS

Collinsville nipped Prather Junior high school's ninth grade track team in Collinsville Tuesday afternoon, 58-46, despite double wins by the Chiefs' Don Lapidus and Bob Davis.

Lapidus took first in the 120-yard low hurdles and broad jump, and Davis in the 50 and 220-yard dashes. But Prather was shut out in the pole vault, 440 and 880-yard run, and ran second in the half-mile relay, a deciding event. Ethan Allen was the Chiefs' third event winner, clipping off the 100-yard dash in 10.9.

The Chiefs will run in the Junior High conference meet here tomorrow afternoon.

Umpire Applications Are Due Tonight

Applications for positions as umpires in the Granite City park district's boys' baseball league this summer will be accepted during a 7-30 meeting at the park district community center, 822 Niedringhaus avenue.

Sixteen umpires will be employed to call balls and strikes in the park leagues this summer, according to Park Recreation Director Harold Brown. Applicants should be seniors in high school or older.

Persons selected for the positions will be supervised by Pete Robinson, umpire-in-chief, who will schedule a pre-season clinic of the arbiters prior to the league-opening games on May 19.

Tigers Tame Trojan Net Team, 5-0

District tennis tournament runner-up Edwardsville blanked Madison high school's tennis team for the first time this season Tuesday afternoon on the Tigers' courts, winning all five matches in straight sets.

The Trojans had been scheduled to play Mascoutah in Madison Monday afternoon, but the meeting was postponed until May 16.

Now 5-2 for the season, Bob Barnhart's team jumps from the frying pan into the fire this week, playing district champion Granite City at Wilson Park tomorrow at 4 p.m.

Tuesday's match results: No. 1 singles — Kit Blackman (E) defeated John Summers, 6-3, 6-1; No. 2 singles — Gerald Blase (E) defeated Ralph Ristad, 6-1, 6-1; No. 3 singles — Tom Puhse (E) defeated Larry Lux, 6-1, 6-3.

No. 1 doubles — David and Richard Helm (E) defeated Don Broyles and John Oak, 6-0, 6-0; No. 2 doubles — Steve Hutchinson and Steve Mihalic (E) defeated Jim Harrison and Frank Broyles, 6-0, 6-0.

East Alton Wins Triangular; JHS Meet Here Friday

East Alton Junior high school won 10 of 12 events here Tuesday to take first place in a triangular eighth grade track meet with host Coolidge JHS and Central grade school of Granite City.

The winners totaled 75½ points, Central 60½ and Coolidge 30. The Braves were shut out while Len Revelle of Central won both the 220 and 440-yard dashes. Grimley won three events, Opperman two, and East Alton won both relay events.

Coolidge, East Alton, Prather, Edwardsville, Roxana and Collinsville eighth graders will come here tomorrow afternoon for the running of Junior High conference events at the Granite City high school oval.

Field events will begin at 2:30, preliminaries at the 50-yard dash at 2:50, and track events at 3 p.m. Twelve events are on the program.

City Humane Officer Gives Rabies Warning

A request that local residents refrain from taking pets on any visits to St. Louis county was made this week by Granite City Humane Officer Scott Craycraft, who called attention to an epidemic of rabies among wild animals in that area.

Craycraft said he is making the request to prevent the spread of the disease to this area.

GIRL SCOUT LEADERS' PLANNING SESSION

The May meeting of Neighborhood One, District Four, of the River Bluffs Girl Scout Council was held Monday evening in the St. Mark's Church basement. Miss Dorothy Hinson, neighborhood chairman, was in charge of the meeting, which was preceded by a "songfest" led by Mrs. Shirley Brown, Mrs. Denise Schmidt and Mrs. Louise Kessler.

The meeting was opened with the Girl Scout promise, and it was announced a senior planning board will be held May 20. Plans were discussed for troops to participate in the Memorial Day parade May 30.

A training course for day camp leaders will be held May 15 at Camp Lakota, and the following leaders have volunteered to serve as counselors at the day camp: Mesdames Loretta James, Jackie Frizzell, Ernestine Bue, Willa G. Watts and Mary Ella Barrett.

A "Brownie Holiday" will be held May 26 at Camp Lakota, with Brownies and leaders spending the day at the camp. It was announced that "Serve the Future" will be the project for senior scouts.

A tour of various camping sites in the council will be conducted for the leaders on May 28. Following the business meeting, refreshments were served by the Venice leaders to 13 leaders and guests.

VENICE REBEKAHS MEET

Venice Rebekah Lodge 570 met Monday evening at the Odd Fellows hall. The meeting was conducted by the noble grand, Mrs. Laura Belle Benson, and plans were discussed for a bazaar to be held May 26.

It was announced that the lodge will entertain the district officers May 21. Guests for the evening were Mrs. Rebecca Parfisch and Mrs. June Greenleaf of Juanita Lodge 477 and Mrs. Ethel Mauer, assembly president of Alabama.

Following the business meeting, refreshments were served to the above and Mrs. Thelma Johnson, Mrs. Edith Carpenter, Mrs. Marge Purcell, Mrs. Marie Zeigler, Mrs. Marie Jaeger, Mrs. Ethel Dumavant and Miss Laila McCoid.

BROWNIE INVESTITURE

Brownie Troop 37 met Tuesday afternoon in the student lounge of Venice High School with the leader, Mrs. Delores Bosworth. The meeting was opened with the Brownie Promise and a flag ceremony was held.

An investiture ceremony was held, and the leaders presented Brownie pins to Linda Davany, Jerri Gray, Sharon Manier, Maria Bravley and Rita Shrum.

Group singing was enjoyed, after which the group played activity games outdoors. Others present were Sharon Ballentine, Connie Bosworth, Debbie Clark, Debbie Fether, Lilli Hackney, Ginger Hill, Georgia Snider, Betty Lou Puent and a guest, Mrs. Lovell Gray. The meeting was closed with "I Love My Country."

FUNDS TO BE ALLOCATED

A general meeting of the Venice Crippled Children's Organization will be held at 7:30 this evening at the city hall. Purpose of the meeting is to disburse the funds of the organization, which contributes to the Shriners Hospital and to the Madison county polo fund.

The public is invited to attend the meeting.

Miss Judy Edwards returned to Southern Illinois University in Carbondale Sunday after spending the weekend with her parents, Mr. and Mrs. Wesley Edwards, 818 Third street.

Granite City PRESS-RECORD Conclude Meetings On Tax Objections

A three-day series of conferences between railroad and taxing body representatives conducted by Burton Bernard, assistant state's attorney, were concluded yesterday at Edwardsville.

Bernard said this morning the meetings were a successful first step in disposing of railroad tax objections concerning tax rates. "They leave unfinished the evaluation objections which concern a large part of the tax money involved," he added. The local attorney said railroad property accounts for about 4% of the total assessed valuation in the county. The railroads pay from 40 to 50% of their set tax and protest the rest, he said. The protested funds, amounting to more than \$1,000,000, are tied up until a settlement is reached. The series of conferences was devoted to objections filed by the railroads to tax rates set by the county, cities, villages, townships, school districts and other taxing bodies. Most objections filed by the railroads contend particular tax rates are excessive or illegal.

Levee Board Still Trying To Sell Treatment Plants

"We're standing fast, hoping that Granite City and East St. Louis will reconsider," Thomas F. Hennessy, chairman of the East Side Levee & Sanitary district engineering committee, said last night in reference to the district's proposed overall pollution abatement plan.

Hennessy, who said he was speaking on behalf of the entire board, said he still feels the levee district "offers the most economical plan for the entire district. But we need the participation of East St. Louis and Granite City to make it work."

Monday night the Granite City council announced plans for a \$10 million bond issue, with \$1,225,000 going for the construction of a sewage treatment plant. Last week, East St. Louis announced a decision to proceed independently with its city pollution abatement plans.

"Our engineers have given up trying to convince them that ours could be the most economical plan," Hennessy concluded.

Pump Plan Proposed
Hennessy, as chairman of the engineering committee, also revealed tentative plans for a \$78,000 automatic surveillance system at pumping stations in the district, which he estimated would save the district an additional \$40,000 per year and pay for itself in two years.

Automatic equipment installed at six stations would relay information on water levels, pump bearing temperatures and pump operating times to a central control panel at the levee district garage, where pumps could be turned on or off automatically through the use of leased telephone lines.

Hennessy said the district now employs 18 full-time operators and others to maintain the pumps, a job which could be

handled by four men hired by a private firm which would sign a pumping operation and a maintenance contract with the district. The pump crew would be hired by the contractor, he said. The district paid its pump crews \$89,000 last year and had men on the payroll 12 months of the year although there were months when no pumping was required.

The levee trustees granted G. H. Sternberg & Co. of Granite City a second 30-day extension on a contract for Nile sewer here. Levee district Chief Engineer, Levee district president, Levee district extension, saying that the contractor had required additional time to secure easements from property owners at one end of the project.

Trustees appointed Joseph Goldenbersh, president of the East St. Louis Bar Association, to succeed John Bock of Belleville as one of the levee district attorneys. Bock resigned last night, citing "the press of private practice and trial cases." He is associated in private practice with John Sprague, chief counsel for the levee district.

Salaries for April approved for payment last night totaled \$55,900, and the district's assessed valuation for property in St. Clair and Madison counties was listed at \$541,501,897.

Ralph L. Zang, 52, Succumbs To Cancer

Ralph L. Zang, 52, a guard at the General Steel Industries plant here, died at 11:30 a.m. yesterday at St. Elizabeth's Hospital. He resided at 2455 Illinois avenue.

Mr. Zang had been ill with cancer since March of last year and had been hospitalized frequently during that period. He had been at the hospital three weeks at the time of his death.

Born in Chester, he had been a Granite City resident 20 years. He had been employed at the local plant since 1937.

Mr. Zang was a member of the First Assembly of God Church and belonged to the IOOF Lodge at Chester.

He is survived by his wife, Velma; a daughter, Miss Nancy Lee Zang, at home; two sisters, Mrs. Lloyd (Ruth) Seymour, a teacher at Mitchell school, and Miss Annabel Zang, a teacher at Frohshart school; and his father, John L. Zang of Granite City.

Funeral arrangements are given in the obituary column.

Tax Rate Correction
The tax rate listed for Granite City school district in a chart appearing in Monday's issue was in error. The rate should be \$2.77 instead of the \$2.27 given in the chart. The total rate of \$3,608 listed for Granite City township was correct.

May Queen Crownbearer
The crownbearer in tonight's and Friday's May Queen coronation ceremony at Granite City high school will be Dennis Solberger, instead of Dennis Solberger as listed in Monday's issue.

McCauley On Committee Of Illinois Principals

Lawrence C. McCauley, principal of Granite City High School, has been appointed as a member of the nominating committee of the Illinois Association of Secondary School Principals for 1962.

McCauley's work on the committee will support the objectives of the association, which are to improve secondary education throughout Illinois. Activities include the annual meeting Oct. 1-3 at the University of Illinois, a summer workshop June 25-27 at Illinois State Normal University, spring "drive-in" conferences and publication of the IASSP bulletin three times a year.

Membership in the Illinois association includes 700 educators at the high school and college level who are concerned with administration of secondary schools.

Granite Cityans Take Part In Synod Affairs

The South Illinois Synod of the Evangelical and Reformed church will call a special meeting for Sunday, June 3, at Marine to consider entering into a contract with medical men who have proposed building a heart and chest center on synod-owned land in Belleville, it was announced this week.

The special meeting was discussed at the recent 23rd annual spring meeting of the synod at New Athens.

The three-day meeting was attended by 77 pastors and 94 lay delegates. The elected five members and five lay delegates to represent South Illinois at the third national meeting of the United Church of Christ to be held in the summer of 1963 at Denver.

The Rev. Paul Surbey, pastor of St. John United Church of

Christ here, was elected to the position of first minister from the synod. The Rev. Robert Baumann, pastor of St. Peter Evangelical and Reformed church was elected as a third alternate.

Among other items of business transacted, it was voted to purchase a 112-acre tract of land near Dubois as a site for a summer camp for youth. The property has a 12-acre lake and is considered well-suited for camping purposes.

There were 17 present.

Demo Committeewomen Meet To Reorganize

A reorganization meeting of the Granite City Democratic Committeewomen was held Monday evening at the home of Mrs. Virginia Cox, 2824 Marshall avenue, and Mrs. Bernadine Hagnau was elected president, succeeding Mrs. Lorraine Inbrant.

Other officers elected were: Mrs. Julia Lancaster, renamed vice-president; Mrs. Anita Eitmoor, re-elected treasurer, and Mrs. Jo Ann Kalert, treasurer. There were 17 present.

Mansfield To Speak At SIU Senior Banquet

Frank C. Mansfield, manager-secretary of the East Side Associated Industries, East St. Louis, formerly with the Dow Metal Products Co., will be guest speaker at Southern Illinois University's Southwestern Campus senior banquet May 23 at Edwardsville Junior high school.

Mansfield, a member of the Illinois and Missouri bar association, was active in SIU's fund-raising efforts for the local campus and the campaign for approval of the state's university bond issue.

The banquet is given annually by the SIU Alumni Association for June and August degree candidates. This year's dinner is the first where seniors from both the Alton and East St. Louis centers are to be honored together.

New Flags Available For Future Holidays

Ninety-six new American flags which went on display for the first time here last weekend will be available for future holidays and special events to business firms and professional men supporting the Downtown Granite City shopping center.

The new 50-star flags, all of uniform 3 by 5 foot size and of top quality, were flown over the weekend in tribute to the Shriners and Knights of Columbus who sponsored parades here Saturday and Sunday.

The flags will be delivered and erected on 12 foot staffs by Glen Wyatt of the Associated Retailers and Civic Association's delivery service. Wyatt also will pick up the flags after their use and store them.

Indian Village Site Found Near Granite City

An Indian village site of the Mississippian Period (900-1500 A.D.) has been discovered in the Wilshire Manor subdivision just east of Granite City. Building contractor Wayne Kelly, 30, of 2808 Dogwood drive, and William Belling, 29, of 2429 Wilson avenue, made the discovery Tuesday evening while working on a new house. They found drilled shell beads on the surface of the lot next door where they had been unearthed and exposed by a bulldozer.

They began exploring the area and found a pocket of beads a few feet away. Later they found a second pocket. They called Southern Illinois University and the school sent out an archaeologist, Alan Harn, Wednesday to survey the site.

Harn works out of Carbondale, exploring the American Bottoms area to locate camp sites and salvaging them before they are destroyed.

Local Student At Site: Assisting Harn were two anthropology students, Jerry Lipchik, 20, son of Mr. and Mrs. James M. Lipchik, of 2121 Garfield avenue, and Leroy Johnson, 23, of Edwardsville. Both are studying at the Alton campus.

Kelly and Belling unearthed about 300 beads. Harn and his assistants gathered about 200 more, some broken pottery and several pieces of chert.

The chert was unworked. It is a flintlike rock from which arrowheads and other artifacts were fashioned.

City To Investigate More Paint Discoloring

Discoloration of paint on homes in the 2900 and 3000 blocks of Madison avenue and Iowa street, the 2900 block Grand avenue and the Briarcliff area is to be investigated by the city on a request made Monday night's council session by Alderwoman Mrs. Gabrielle Bettine.

Authorization was granted for a qualified engineering firm to be contacted to determine the cost of such a study and to determine what corrective steps may be taken.

The discoloration appeared in the past few days when the wind was blowing from the northwest. Mrs. Bettine told the council. She explained that the brownish hue is not evident on every house and that she had no idea on the number of homes involved. "I've received complaints from three families on Grand avenue and others on Madison avenue and Iowa street, but I couldn't say how many houses there are."

Additional efforts are to be made to secure from the state an air pollution testing mechanism. The city made application for the machine several months when there was paint discoloration on a number of homes in the East Granite and Glenview areas. The city was advised then that several other municipalities were on the waiting list, and a delivery date here could not be set.

Program For Honors Day At SIU Campus

NAMEOKI PTA BOARD DISCUSSES PICNIC

At a regular board meeting of the Nameoki PTA Tuesday evening, plans for the forthcoming picnic were discussed. Donald Kopp, president, conducted the meeting held in the cafeteria of the school.

Carl Harrison, chairman of the picnic committee, led a discussion of the picnic and announced that a meeting will be held at 7 p.m. Tuesday in the cafeteria of the school. He asked that volunteers attend the meeting, which will be a half-hour before the PTA meeting.

Kopp announced that the PTA executive board will be the hosts for an Area PTA Council meeting May 24. The board

members will serve refreshments after the meeting, which will be held at Nameoki grade school.

"Theme of the PTA meeting May 15 will be 'Know Your New Officers.' They will be introduced by Russell Robbins, principal, and will be installed after the introduction. Mrs. Helen Dettmerman, first grade teacher, will show slides of a tour she made to Alaska.

Members attending Tuesday evening's meeting were Kopp, Harrison, Robbins, Ed Lorton, Joe Hassler, Ronald Coleman, Omar Ronik, Maurice Steele, Mrs. Twyla McKinney, Mrs. Wilma McKinney, Walt Volkmar, Mrs. Betty Feurich, Mrs. Sue Shampson, Mrs. Peggy Belcher and Mrs. Evelyn Cross.

BROWNIES OF 189 GIVE MOTHER-DAUGHTER TEA

Brownie Troop 189 members honored their mothers with a gift that they had made at a mother-daughter tea Sunday at-

ternoon in the home of Mrs. Melba Tarpoiff, 41 Terrace lane. Colorful garden flowers were used to decorate the Tarpoiff home, and each Brownie served her mother. Laura Harsh gave the invocation and the benediction was given by Mrs. Jean Harsh.

Mrs. Shirley Yates read "A Mother's Wish," Cheryl Schmidt recited "Children's Query" and all the Brownies recited the poem, "Mother." Linda Wilson, Sandy Yates and Colleen Down read "How God Makes a Mother."

The entire party sang the song, "Mothers and Daughters," accompanied by Mrs. Rusty Knapp at the piano. Mina Tarpoiff played two piano numbers.

The mothers and daughters attending were the hostess and her daughter, Mrs. Betty Schmidt and daughter, Cheryl, Mrs. Rose Wilkinson and daughter, Linda, Mrs. Bonita Down and Colleen, Mrs. Iris Gauen

and Carol, Mrs. Jean Harsh and Laura, Mrs. Jerrie Jackson and Sally, Mrs. Lorretta McDaniel and Steffie, Mrs. Helen Miller and Steffie, Mrs. Bessie Miller and Steffie, Mrs. Alice Weiss and Cecelia, Mrs. Betty Feurich and Steffie, Mrs. Ruth Knapp and Barbara, and the hostess' mother, Mrs. Charles This.

NATURE HIKE, COOKOUT BY GIRL SCOUT TROOP 157

Girl Scouts and their leaders of Troop 157, sponsored by the Frohardt PTA, hiked from Frohardt grade school on Johnson road to the Benton street side of Wilson Park Monday afternoon, after school.

The scouts were accompanied by their leader, Mrs. Donna Hogan, and co-leader, Mrs. Virginia

Wolf, who explained various spring flowers seen on the hike and told how many of them derived their name. A winner roast was held to conclude the spring nature hike.

Scouts attending were Pat Al-

lie, Kathy Anderson, Jennie Bailey, Joyce Boushard, Debbie Breen, Judy Frifton, Martha Casey, Karen Corzilius, Valerie Crain, Sue Hogan, Vickie Mercer, Patty Miller Sharon Mucho, Terri Yabke, Kathy Wilkinson and Cindy Wolfe.

MARYVILLE PTA TO HONOR MRS. TATE

Mrs. Twyla Marcum, president of the Maryville grade school PTA, conducted an executive board meeting Tuesday evening at the school.

The chairman of safety patrol reported that 16 students, accompanied by three adults, enjoyed a trip to a Cardinals baseball game in St. Louis April 28. All

committee chairmen turned in annual reports.

Mrs. Jewel Stone, picnic chair-

man, reported that the annual picnic will be held May 31 in Area Three at Wilson Park. Plans were made to honor Mrs. Lenora Tate, a teacher in the school, at the regular PTA meeting Tuesday, May 15. Mrs. Tate is retiring after 30 years of teaching in the Granite City school system. The group also made plans to purchase a primary typewriter.

Dwight Taylor, program chairman, will be in charge of the program Tuesday evening. The new officers for the coming year will be introduced and installed.

Members attending were Principal Owen Humphrey, Richard Barnett, Mrs. Reid Martin, Mrs. Ann Gann, Mrs. Ruth Knapp, Mrs. Pat Baumberger, Mrs. Dorothy Peters, Mrs. Vera Babin, Mrs. Ed Bentley, Mrs. Stone and Mrs. Marcum.

GARDEN CLUB TOURS SHAW'S AND CLIMATRON

Lavish floral displays and colorful plant exhibits were viewed Tuesday afternoon at Shaw's Garden by members of the Thorngate Garden club, during their annual spring tour of the St. Louis garden.

In full bloom when inspected by the ladies were beds of hyacinths, Marthas, Washington geraniums, glorioles, anemones, pansies and English daisies. The group also visited the Jewel Box and Climatron, where among the displays was an authentic rocky which showed the growth and formation of rice plants.

Before returning to Granite City, the club members attended a plant sale, with the proceeds going toward Shaw's Garden project. MOTHER-DAUGHTER REBEKAH SUPPER

A covered dish supper was enjoyed by members of Delray Rebe-
kah Lodge 786 and their
mothers and invited guests Tues-
day evening. The supper was
served in the dining room of the
Odd Fellows hall in Madison.

A program was held upstairs
at the end of the supper, with
Mrs. Gall, noble grand, in charge.
The group sang, and potted
plants were presented to Mrs.
Minnie Perry, for being the eld-
est member. Mrs. Pearl Serni,
mother with the most living
children, Mrs. Ruth Winters,
youngest mother, and Mrs. Alma
Halderman, the youngest grand-
mother.

Thirty-five mothers and daugh-
ters took part. The members
held a short business meeting.
Ethel Mauer, president of the
State Assembly of the state of
Alabama, was introduced and
welcomed and gave a resume of
her work in the past year.

Mrs. Dorothy Fulley and Mrs.
Otha Smith, who were initiated
at a meeting in Collinsville,
signed the register and were in-
troduced as members of Delray.

Mrs. June Crumley of Granite
City was a guest.

"Noble grand and vice-grand
night" will be held May 22 at
the hall. Initiation of two can-
didates will be held June 12.

Richard Scott of Den Three of
St. Mary's Cub Pack 47 opened
a weekly meeting in the home of
Mrs. Anthony Radewicz Mon-
day. The boys worked on a
Mother's Day project. Cub
scouts and den chiefs of St.
Mary's will meet Saturday at
6:30 p.m. and be taken to a St.
Louis baseball game.

Games were played prior to
closing with the cub promise by
Steve Patterson. Boys present
were John Papa, Thomas Friend,
Charles Pogorelec, Ronald War-
shol, Daniel Suchel, Russell
Hughes and Den Chief Tom Hon-
erkamp. Mrs. Edmond Warchol
and Mrs. Richard Scott tur-
nished refreshments.

Red Cross Election, Annual Dinner June 12

The annual dinner meeting of
the Tri-City Chapter, American
Red Cross will be held at 6:30
p.m. Tuesday, June 12, at the
Smorgasbord. Chairman Floyd
Mitchell announced at a monthly
board meeting Tuesday after-
noon. Election and installation of
chapter officers will be held that
night.

Mrs. Ruby Overbeck, executive
secretary, reported 147 April
transactions, including \$1,000
financial aid of \$508 in two basic
maintenance loans, four emer-
gency leave loans, two grants
and two trans-loans. There were
30 items of correspondence, 44
counseling cases, 40 reports, 13
emergency leaves, three leave ex-
tensions, eight health-welfare
cases, 11 information reports, six
assists with government benefits
and one foreign injury.

Safety Week To Begin May 28, Rotarians Told

"Ten Long Minutes," a National
Safety Council film depicting
traffic, home and vacation haz-
ards, was presented at Tuesday's
Granite City Rotary meeting by
Merrill Cox, Laclede Steel Co.
safety engineer in Madison and
president of the Quad-City Safe-
ty Council.

Cox described activities of the
local council, an organization in-
cluding representatives of in-
dustries, governmental agencies
and civic groups. The program
includes encouragement of home
school, vehicle and job safety.

Cox said Granite City Police
Lieut. Paul Moore will be chair-
man of the annual Quad-City
Safety Week observance May 28-
June 2. He was introduced by
Police Chief Raymond Willardet,
a Rotarian and past president of
the safety council.

Locations Given For Next 2 Zoning Hearings

Locations were announced this
week for two of the five Mad-
ison county zoning hearings for
which the schedule was an-
nounced last week.

The hearing at 1 p.m. Friday,
May 25, at Marine will be con-
ducted at the American Legion
hall, 300 North Duncan street,
while the 1 p.m. May 29 23d
wardaville hearing will be held
in the Board of Supervisors
room in the basement of the
county courthouse.

Minor Changes On Road

Construction of a roadway in
connection with development of
a large motel atop Sunset Hill
has been delayed 20 to 30 days
by engineering alterations. It
was announced today. Necessary
signatures for altering the loca-
tion of an existing road have
been obtained, but a new petition
is to be circulated due to the
minor engineering changes. The
center line has been marked at
the site.

Fire In Refuse Truck

The crew of Madison's refuse
truck drove it to the fire station
at 4:05 p.m. Tuesday when
smoldering rubbish placed inside
it flared up. The blaze was put
out by firemen before the truck
was damaged.

Tolar To Inspect Sewer Breaks Friday

Cost estimates for repair and replacement of broken sanitary sewer lines along Aubrey and St. Clair avenues are to be available by tomorrow afternoon when Lawrence Tolar, president of the East Side Levee & Sanitary District, is to confer with Mayor Davis on levee district financial participation.

Tolar and Engineer A. L. Kraemer are to inspect the breaks with me," the mayor said today, explaining that since the cost figures were not ready and because of the lengthy season, were not taken up during Monday night's session.

Local Piano Pupils To Give Recital

Mrs. Ortanza MacDonald, 1729 Primrose avenue, will present her piano pupils in recital Saturday, May 12, at 2 p.m. at the Baldwin Piano Co., 616 Olive street, St. Louis.

The students taking part will be Craig, John and Alex Tarpoff; Dru Thomas; Linda Kratz; Mary Dombrowski; Mary Helen Nyberg; and Kathy Hill.

Beside the solo numbers the program will consist of duets and a trio with Mrs. MacDonald assisting at the second piano.

Scout Awards Given At Monthly Roundtable

Lou Lassiter, Uniwa assistant district commissioner, presented national Boy Scout program awards Wednesday to Otto Shelton of Troop 6 Lutheran bureau, Geo. Evans of Troop 8 First United Presbyterian church, Charles Rodell for Troop 15 Eagles, and George Bass of Troop 16 Moose Lodge at the monthly roundtable meeting held at Niedringhaus school.

Following the recital awards will be given to the young people achieving highest ratings in three categories. The public has been invited to the recital.

About 36 scouts took part in the cook out meeting in Wilson park prior to the evening program in the school.

Camping chairman Joe Lane presented a program on the theme "Going Camping." A film strip entitled "The Troop Goes Camping" was shown by district Scout executive Dan Brown.

Leo Kalpe, activities chairman, reported last minute details for the Saturday, May 12, Field-O-Bama to be held at the Granite City Engineer Depot.

Charles Rodell promoted Shavano to the group and several registrations for the event were received. Ted Scrum directed the closing ceremony.

St. John Church Guilds Hold Joint Meeting

The afternoon Guild of St. John United Church of Christ was entertained Monday evening by the Evening Guild.

The meeting, held at the church on Namekook road, opened with the devotional service by Mrs. Paul Surbey. The topic was "Christian Activities in Latin American Countries."

Mrs. Dorothea Rivenburgh read the Scripture lesson, and Mrs. Bea Rittenburgh presided over the short business session. During which an offering was taken for the Caroline Mission camp fund and plans were made to attend the Municipal Opera Aug. 21 to see a performance of "Music Man."

Mrs. Doris Oliver, missionary chairman, served as program chairman for the evening and introduced Russell Robbins, principal of the Namekook school, who entertained the ladies with a film on Peru and a talk on his teaching experiences there. He also displayed articles collected while there.

A program celebrating the anniversary of the organization of the Women's Guild entitled "Those Wonderful Years" patterned after a television program was given. Songs were sung from the different periods.

Accompanied at the piano by Mrs. Marie Widdows, and models dressed in various costumes took part. Mrs. Doris Oliver served as narrator, giving the highlights of many of the years.

Miss Gayle Thompson danced the "Charleston" concluding with a short version of the latest dance craze, the "Twist."

Also on the program were extracts from minutes of the Guild in German from many years ago read by Mrs. Mary Fries.

Refreshments were served by committee composed of Mrs. June Craig, chairman, Mrs. Imogene Buer, Mrs. Mary Hoeltzel, Mrs. Mae Gottfried, Mrs. Betty Veasas, Mrs. Lulu Mills, Mrs. Thelma Jacobson, Mrs. Margaret Kelso, Mrs. Mary Ellen Lewis and the hostess.

Mrs. Virginia John, 2108 Waterman avenue, will be the next hostess on June 4.

The Guild has accepted an invitation to a meeting of the Evening Guild of St. Peter Church June 4.

Local Sorority Member Seeking National Office

Eta Chapter of the Phi Tau Omega society held a monthly business meeting Monday evening at the Elks Club, Mrs. Leveda Knobbe presided.

Mrs. Delores Siebert called the roll, and Miss Kathryn Weddell gave the treasurer's report. Plans were made for the campaign of Miss Mary Hassler, who will seek the office of national treasurer.

An election to be held in connection with the national convention in June at Miami Beach, Fla. Delegates representing the local chapter will be Miss Martha Ruth Thomas, Miss Weddell, Miss Hassler, and an alternate, Miss Hilda Schroeder.

The chapter also discussed the Nina Ruschelt Scholarship program and decided to contribute toward the fund.

A nominating committee was named to select new officers for the coming year. Those serving will be Mrs. Marilyn Cottrill, Mrs. Ann Tatum, Mrs. Edith Zimmer, Mrs. Ruby Logan, Mrs. Knobbe, Miss Schroeder and Mrs. Valeta Bauder, the latter to act as alternate.

Prizes in the games were won by Mrs. Knobbe and Mrs. Jimmie Hillman. Others attending were Mesdames Peggy Burch, Charlene Vos, Georgina Waggoner, Laura Boyd and Miss Eunice Hatcher and Dolores Sheridan. The meeting closed with the society prayer.

Granite Chapter Past Matrons Meet

The Past Matrons Club of Granite Chapter 650, Order of Eastern Star, met Monday evening with Mrs. Blanche Leuchter, 1 Country Lane court.

Guests were present, including a guest, Mrs. Karmyn Edmund, worthy matron; and after a business session, sick reports, games were enjoyed and prizes were won by Mrs. Margaret Kelso, Mrs. Mary Ellen Lewis and the hostess.

Mrs. Virginia John, 2108 Waterman avenue, will be the next hostess on June 4.

April Births Fewest In Past Nine Years

Fewer births were recorded in the Quad-Cities area in April than in any other month in the past nine years, according to records of Granite City Clerk A. L. Stevens, who maintains vital statistics for the entire area.

Stevens lists 81 births last month, the lowest number since the 68 births recorded in April 1953. One stillbirth was recorded last month, along with 35 deaths.

The April figures bring the totals for the year to 375 births, 10 stillbirths and 141 deaths. At this time last year, 446 births, six stillbirths and 126 deaths had been recorded.

Figures for the earlier months this year are as follows, listing births, stillbirths and deaths in that order.

Jan. — 106, 4 and 38; Feb. — 86, 3 and 28; and March, 102, 2 and 38.

3 Street Lights, Fire Hydrant To Be Installed

A resolution for installation of three additional street lights was approved Monday night by Granite City council members. The lights are to be placed at 2916 Idaho avenue and in the middle of the 2400 and 2500 blocks of Iowa street.

Authorization was given for a fire hydrant to be installed in Landers Park Estates subdivision in Harvard place about 250 feet east of Yale drive.

William P. Snelling Succumbs At Age 47

William P. Snelling, 47, died at 8:45 p.m. Monday at St. Elizabeth Hospital. He had no home address, and Granite City police had lodged him the previous night as a transient.

Police said he was found Sunday at 3:30 p.m. sleeping under a boxcar at 18th and State streets. He was lodged at the jail overnight, and taken to the hospital Monday when he complained of being ill.

An inquest into the cause of death is pending, to be conducted by Deputy Coroner Henry Pieper.

Mr. Snelling is survived by two daughters, Mrs. Clara C. of Glen Carbon and Mrs. Winona Dean of Denver; a son, Kirby Snelling of Nebraska; two sisters, Mrs. Rheta Pavlov of Granite City and Mrs. Ruby Wickham of Lake of the Ozarks, Mo.; a brother, Frank Snelling of South Carolina; and his mother, Mrs. Mary Snelling of Tusculum, Mo.

Funeral services were held this morning at a Granite City funeral home, with interment in Woodlawn Cemetery, Edwardsville.

An obituary notice is given elsewhere in this issue.

Program Awards Made At Cub Leaders' Event

Bernard S. Miller Jr., Uniwaah district commissioner, presented national program awards Monday night to Pack Two of the Granite City Association for Rattlers Children. Pack Eight of First United Presbyterian Church of Granite City, Pack 19 of Washington school PTA and Pack 22 of Frohardt school PTA at the monthly roundtable meeting of Cub Scout leaders at the Carpenters' union hall.

Pack Three led the group in songs for the opening ceremony. Den mothers were led in theme song by Marge Vinyard of the women's reserve, while the men discussed summer plans for packs. Roy Lynn, Uniwaah health and safety chairman, discussed the merits of the current health safety program of the Cub Scouts. A filmstrip, "How to Ride a Bicycle Safely," was shown.

Ken Wood of Pack 18 described the significance of June 15, National Scout charter day. The closing ceremony was led by Pack 20.

Pack 19 of Washington school PTA won the attendance prize and served refreshments.

Commissioner John Gray announced that the June pack leaders roundtable will be held outdoors at Wilson park Monday, June 4.

GCHS Seeks Summer Jobs For Students

Summer employment for Granite City high school students is being sought, and persons wishing to hire students either full or part time are invited to contact the school.

Principal Lawrence McCauley said job lists will be printed in the "Granite High World," the student newspaper. The service, which is free, is for the benefit of both students and employers, he said.

Local businessmen or other individuals wishing to hire students after June 8 are asked to call the school between 8 a.m. and 4 p.m., Monday through Friday.

Notices must be called in before May 18 to appear in the June 1 issue of the "High World," McCauley said.

City To Install 2-Way Radio In Engineer's Auto

Authorization was given Monday night by Granite City council members for installation of a two-way radio in the auto of A. W. Pearson of the city's engineering staff.

Alderman Walter Nomm said the request was made by Pearson to save time while he is away from his office making contact with him. The cost was set at \$400 to \$450.

The city has two-way radios in the inspectors' auto in addition to the police and fire department emergency vehicles and the mayor's and police chief's autos.

Nameoki Relief Drop Continues

Nameoki township relief payments in April continued a decline which has been evident since last September, with payments to 25 fewer persons than during the preceding month.

Forty-three cases of assistance involving 124 persons were reported in April, as compared to 47 cases and 149 persons in March. Total expenditures were \$2488 in April and \$4810 in March.

Although expenditures have fluctuated, the caseload has shown a steady decline since September's peak of 71. A total of 281 persons received assistance that month.

Compared to last year's figures, both case totals and expenditures are down. In March 1961, \$7038 was paid to 339 persons in 85 separate cases.

The case load for April of last year was 79, with 308 persons getting assistance amounting to \$7686.

Half of Class At MHS To Continue Its Schooling

Over half of the 1962 graduating class of Madison high school intends to continue its education at college or technical schools, a study completed Tuesday reveals.

The report was compiled by Richard L. Brown, guidance director, and John L. Falchett, principal.

The graduating seniors have indicated through the school's counseling and guidance department that 34 students or over 37% plan to attend college, and 12 or over 13% hope to enroll in nursing schools, technical schools, business colleges, barber colleges or beautician schools. Twenty-eight or 31% will seek permanent jobs and 17 or over 18% expect to enter military service.

Tour Plans For GCHS Band Completed For Next Week

Granite City high school band parents met Tuesday night at the school to make final plans for the annual band trip. It is expected that 92 band students and between 20 and 30 parents who

will be chaperons will depart next Tuesday by rail for New Orleans.

About 50 of the band parents attended the meeting to report on the results of their efforts to make the trip a success and to receive final instructions on such things as required student dress.

The trip will be educational for the students. They will play two concerts at New Orleans schools, tour the harbor on an excursion steamer and take a daytime tour of the ancient French Quarter.

The band raised funds for the trip through four concerts, the sale of tags and donations from citizens interested in furthering the band's activities.

The band trip has been an annual event since 1946. Last year the students went to Houston, Tex., and the year before to St. Petersburg, Fla. This year's trip will be the band's third to New Orleans, according to director Lewis Meek.

William W. Schooley Joins Local Law Firm

William W. Schooley, a graduate of West Point and the St. Louis University law school, has joined the law firm of Moran, Beatty and Hancock, 2038 Edison avenue.

Schooley is a 1947 graduate of Granite City high school, and was graduated from the U. S. Military Academy four years later. He served in the Army from 1951 to 1955, with service in Korea.

After graduation from law school last year, he became law clerk for Federal Judge Omer Poos at Springfield, terminating that appointment May 1. He holds an interest in the Alico Amusement Co., local juke box and vending machine firm.

Schooley lives at Hillsboro with his wife, the former Miss Marilyn Davis of Granite City, and five children. They plan to return here.

Inter-City Teams Cross Division Boundary Lines In Sunday Games

For the only time this season, members of the Southwestern Illinois Inter-City Baseball League will each get the opportunity Sunday to help or hinder their counterparts in opposite divisions.

All five Red division teams are matched with Blue opponents and the reverse is true, naturally.

Carpenter gets the unenviable task of trying to sidetrack the unbeaten Moose of East St. Louis on Moore's home diamond, Jones Park. Locally, Sacred Heart will seek to keep a new league member, the Roxana Merchants, on the skirts at Wilson Park. The Merchants are 0-3, while Moose leads 3-0.

The 10-team league's second unbeaten nine, Collinsville's

Booster, will travel to Peconic for a crack at the defending league champs.

Mercer Funeral Home of Granite City, currently sharing the lead in the Blue division with four other teams, will be on the road, playing Maryville at Troy to round out the Sunday schedule. All games begin at 2:30 p. m.

In its last meeting, the I-C voted to allow managers of each team to select three representatives from his club for the Red and Blue division all-star squads in the annual inter-division classic, scheduled July 15 at Jones Park. All-star squad managers will select the remainder of the teams.

Last (?) Alton Track Team Expected To Go All Out In District Tomorrow

Only the discus, pole vault, broad jump and high jump marks appear relatively safe as high school track teams prepare for tomorrow's district track and field meet, scheduled at Parsons Field in East St. Louis.

Alton, participating in what school officials say will be the Redbirds' final clinic season, is expected to go all out in an attempt to leave its mark in the district record book, and Fred Willis' squad apparently has the "horses" to accomplish the task.

Not to be counted out, especially in the relay events, are the East St. Louis Flyers. Together with Alton, they are capable of lowering existing marks in the half-mile and mile events.

Two Champions Returning
 Defending champions and record-holders in two events will return tomorrow, although neither has matched his best time of last season so far this spring.

East St. Louis' Warren Hampton, who holds the 120-yard high hurdle mark, has been hampered all season by a muscle strain. But teammate Al Randolph has taken up the slack, and has matched Hampton's 14.5 time at least once this spring.

John Townbridge of Alton time to out to eclipse his 1961 time

of 1:59.9 in the 880-yard run.

Tony Penellon's 6:34.4 high jump record of last year is not entirely safe. Collinsville's Augie Schiller has been clearing the bar at six-feet-plus since early in the season.

Preliminaries tomorrow began at 5 p. m., and the finals two hours later. The district records:

Meet Marks
 100 — Joe Budde (Bellevue) 1945, and BB. Gater (Alton) 1960-61, 100; 220 — Willie Dean (E. St. L.) 1955, 22; 440 — Lovell Swanson (E. St. L.) 1959, 6:24; 880 — John Townbridge (Alton) 1961, 1:59.9; mile — Terry Dearden (Collinsville) 1959, 4:25.0.

120-yard HH—Warren Hampton (E. St. L.) 1961, 14.5; 160 — E. St. L. 1959, 17.2; 180 — E. St. L. 1959, 20.1; high jump—Tony Penellon (Edwardsville) 1961, 6-2 1/2; broad jump — Lowell Sargeant (Centralia) 1934, 22-3/4.

Pole vault—Gary Wolff (Centralia) 1960, 13-0; shot put — Bob Wood (Collinsville) 1949, 34-4 1/4; discus — Floyd Webb (E. St. L.) 1959, 127-11; 880 relay—Alton (Epps, Smith, Gayer, Yavorski) 1960, 1:30.2; mile relay Centralia (Carter, Rogers, Steptoe, Warren) 1958, 3:28.9.

Spring Scuba Diving Course At YMCA

A spring course in scuba diving, the final in a series offered at the YMCA, will begin in May and continue for eight weeks. Interested applicants may register through next Monday, May 14, at the YMCA.

Classes will be held each Monday at 7:30 p. m. They are from

three to 3 1/2 hours in length and are divided into two parts, half lecture work and half pool work.

Instruction consists of training in skin diving, scuba diving, life saving and the physics and physiology of diving. Instructors will be Ronald Homyer, Lewis Brown and A. J. Mueller Jr. YMCA diving instructors.

Benington Speaker At MHS Athletic Fete May 17

John Benington, head basketball coach at St. Louis University, will be the guest speaker at an all-sports banquet for Madison high school varsity athletes on Thursday, May 17, MHS Principal John Paichoff said today.

Benington, who landed Trojan court standout Ed Walker at the conclusion of the 1960-61 season, and is reportedly out in front among coaches competing for the college services of Madison all-star player Don Freeman, will speak following a 7 p. m. banquet in the high school cafeteria.

Guests at the banquet will be the members of varsity teams in six sports at Madison high school — cross-country, track, tennis, baseball, basketball and football; members of the coaching staff, school officials and varsity cheerleaders.

Khoury League Meets Tonight In Madison

Regular weekly meetings of managers and supervisors of the Madison Khoury League will be held each Thursday evening at the Sportsman's Club in Madison until the opening of the season on June 4, Bob Page, Madison recreation director and co-ordinator of the league, said today.

Tonight's meeting begins at 8:30, with the setting up of four age divisions to be the chief topic of business. Managers are still needed for several teams in the Juvenile and Midget division, Page said. Austin Lewis is commissioner of the Khoury leagues in Madison.

'SPRING TRAINING' for this entry in the Granite City park district's boys' baseball league — and about 80 teams like it in the park district, Madison Khoury program and Nameoki Little League — is in full swing on every baseball diamond in the Quad-Cities as team managers (usually interested parents or former baseball players) prepare their clubs for the approaching season. Nameoki Little League opened its season this week, park district teams will begin play May 19, and Madison Khoury leagues the first week in June.

Naval, Marine Center Open House Announced

An open house will be held at the new Naval and Marine Corps Reserve Training Center at Lambert Field, St. Louis, from noon to 4 p. m. May 19, Cmdr. L. W. Seymour, commanding officer, has announced.

Held in conjunction with the Armed Forces Day, the celebration will be the first time the public has been invited to inspect the facility. Two Navy films will be shown, and a number of training aids demonstrated, including an anti-submarine warfare trainer.

Alton Sets Six Records In Winning County Track Meet; Madison Third

Alton high school established six new records in the Madison county track meet Monday evening in the 100-yard dash final.

Madison placed its remaining points from Walt Cooper, fourth in the broad jump; George Russell, third in the 880; and with a fourth-place finish in the 880-yard relay.

Granite City point scorers were Larry Whitsell, tied for fourth in the 880, and Joe Nemeth, fifth in the 220. The fourth through tenth-place finishers were Edwardsville, 21 1/2; Collinsville, 21 1/2; Roxana, 13; Western Milledale, 10; Granite City and Bethalto, 4 1/2; and Highland, 3. The event winners:

100 — Loren Randol (Alton) 10.9 (new record—old record shared by Dugan of WMA in 1947 and Steffen of Roxana in 1954); 120 — 120-yard HH—Andy Johnson (Alton), 14.7 (new record—old record 15.2 by Friend of Wood River, 1954); mile run—

Edwardsville Runs

Past Two Prather Cinder Squads

Edwardsville captured both ends of an eighth and ninth grade track meet from Prather junior high school at the Granite City high school oval Monday afternoon.

The visitors were 61-43 winners in freshman events and scored a 70-29 1/2 victory in the eighth grade division.

Prather ninth grade winners included Ethan Allen in the 100 and 200, with good times of 11.0 and 24.8; Don Luperdus in the 120-yard low hurdles, Bob Davis in the broad jump with 18.2, and Prather's 880-yard relay team, made up of Allen, Davis, Gary Morris and Allen Rude.

Virgil Littlejohn was the only winner for Prather in the eighth grade contests, but he captured three first places — the broad jump, high jump and 440.

COOLIDGE SCORES 5 In First, Rides To 8-2 Win Over Chiefs

Coolidge topped cross-town junior high school baseball rival Prather Monday afternoon at Wilson Park, 8-2. The strength of a five-run first inning.

The Braves jumped to a big lead on a walk, three singles, a fielder's choice and a double by Richard Bledsoe, who paced the winners with three hits. They added two in the third and a final nine hits off three Prather pitchers.

The Chiefs avoided a shut-out with single runs in the last two innings. Nick Petrillo tripled in the sixth and scored on a fielder's choice. Leroy Langlois tripled in the seventh and crossed the plate on an error. Winning pitcher Larry Dillard limited the Chiefs to three hits.

Area Safety Week Poster Contest Closes May 21

A Safety Week poster contest is under way in Quad-City area grade schools and high school. A top prize of \$50 will be awarded in addition to \$15, \$10 and \$5 prizes in each of three age groups.

Schools in the area have been notified of the contest and the rules. Last year there were nearly 500 entries.

The contest is open to any student of a school in the Quad-City area. Entries must be delivered to the Tri-Cities Chamber of Commerce by 5 p.m. May 21. A contestant may submit only one entry. The theme, which may be specific or general, must sell people on the idea of behaving in a safe manner.

The contest is sponsored annually by the Quad-City Safety Council. This year the theme is "Safety Everywhere — All the Time."

Safety Week will be observed May 28-June 2.

Judging will be based on emotional and sales appeal. The top prize of \$50 and the \$15 prize also will be considered. Contest groups will be first to fifth grade/sixth to ninth grade and 10th grade through 12th grade. Winning posters will be displayed in the area and on safety bulletin boards of industrial plants in the area.

The Safety Council also will make a 25-minute movie available to local organizations. It is entitled "Six Long Minutes" and can be reserved through the Tri-Cities Chamber of Commerce office.

Safety pennants will be displayed in the area and a number of bumper stickers bearing the safety message will be distributed.

90 Cases, \$7658 Relief In Venice

Venice township relief costs in April, first month of the 1962-63 fiscal year, rose slightly to \$7658, but the caseload of 90 and the 177 individuals aided represented decreases. All of the 177 reside locally.

In March 223 persons in 103 families and one Madison county nursing home resident were aided at an expenditure of \$7372. February figures were 101, 223, one and \$6648, and January statistics were 122, 340, one and \$10,278.

15 Girl Scout Leaders Complete 1st Aid Class

Preparing for summer camping programs, 15 local Girl Scout leaders this week completed a five-week standard American Red Cross first aid course. It was announced by the instructor, Mrs. Cecelia Truchel, locally.

The weekly sessions were conducted at St. John United Church of Christ on Nameoki road and the certificate presentation ceremony was held there Tuesday.

Troop leaders completing the course were Mesdames Julie Barnes, Stella Davenport, Louise Ennis, Jackie Frizzell, Sophia Greene, Lillian Hoffman, Loretta James, Jacquelyn King, Carolyn Metz, Barbara L. Miller, Eileen Rogers, Jean Rawlings, Billie L. Schuler, Cleola Siebert and Maryetta Wanbaugh.

Madison Building Permits In Past Month At \$20,000

Madison building permits reached \$20,000 in April, including a \$10,000 five-room frame residence to be built for Herman Odell at 1416 Fourth street.

An incinerator is to be installed at the Schermer Brothers Market, 1127 Madison avenue, at a cost of \$4000.

Two \$1500 permits for residential additions were issued. Lewis Britt, 1852 Second street, will add three frame rooms covering an area of 16x26 feet, and Maley T. Grimes, 1513 Third street, plans a 20x24-foot two-room addition. Aluminum siding will be added to the Gillham home, 1608 Third street, for \$1250.

Venice Board To Meet With AFT On Pay Request

Venice school board President Lester Salem said Monday night he hopes to arrange a meeting soon with representatives of the American Federation of Teachers to discuss their request for salary increases and other proposals.

The AFT earlier this year presented to the board a proposed new salary schedule calling for pay raises ranging from \$86 to \$166 a month by the 1963-64 school year. The teachers also asked for hospitalization insurance, 12 months pay on an optional basis and other benefits.

"We're interested in setting up a meeting with their committee," the board president said, "but we should have some facts and figures first."

Salem said the district has been working on figures concerning the salary request, as well as cost of the fringe benefits. Of principal concern is the cost of the hospitalization plan, he said.

Study Hospitalization Plans
Supt. John O. Pier said he has contacted seven insurance companies for information on hospitalization plans available, and has outlined the programs offered by three of them. He said he expects to receive more information from the others.

In a letter to Salem in March, Omar M. Butts, chairman of the salary committee for APT Local 965, asked for a meeting with the board "at the earliest possible date." The board acknowledged receipt of the union's letter at the March meeting but took no other action on the matter at that time.

After Monday night's meeting, Salem said he feels he does not know precisely what the local wants. "We won't really know until we meet with them," he said.

Proposals outlined in Butts' letter, in addition to the pay increases and a hospitalization plan, include 15 days' annual sick leave to accrue to 90 days, severance pay equal to one-fourth the unused sick leave, and a bonus of \$25 for each semester of perfect attendance.

Salem said he doubts the legality of some of the benefits and has asked for an opinion from state school officials.

School Calendar Approved
In other action at the meeting the board approved a school calendar for the coming year, with classes to begin on Monday, Aug. 27. School will be dismissed on Labor Day, Sept. 3, and Nov. 22-23 will be set aside as a Thanksgiving holiday.

Dec. 20 will be the last day of school before Christmas, with classes to be resumed Jan. 2. The calendar provides for a longer Easter recess, April 11 through 15. Lincoln's birthday

will be observed as a legal holiday, with teachers' meetings and institutes to be held on Oct. 11-12 and March 29.

Pier reported on the 31st annual Governor's Conference on Youth, which he attended May 2-3 at Chicago. He said he was one of few school administrators there, and was well pleased with the meetings.

"We don't have nearly as much juvenile delinquency here in comparison to some of the areas represented," Pier told the board. He said delinquency in the 12-to-17 age group runs as high as 40% in some communities represented at the conference.

Student Insurance Program
The board voted to renew an agreement with the Page Insurance Agency, Mount Vernon, for student insurance. Pier said the company's handling of claims has been very satisfactory, with all claims paid within 10 days.

The rate is to remain the same \$2 for students in the first six grades and \$2.50 for seventh through twelfth grades.

The superintendent said the recent Career Day at Venice high school was successful, and commended the students on their

Marine Pfc. Waggoner Is Home On Furlough

Marine Pfc. Eugene N. Waggoner, 19, son of Mr. and Mrs. Bryan L. Waggoner, 1923 Cleveland Blvd., arrived home Tuesday for a 30-day furlough after serving 14 months on Okinawa and the Philippine Islands.

Waggoner, a June 1960 graduate of Granite City high school, enlisted in the Marine Corps in August of that year. Upon completion of his furlough, he will report to Camp Pendleton in California.

Interest he said letters have been received from speakers participating commenting on the exceptional conduct of the students.

The board approved payment of monthly bills and heard activity and revolving fund reports. Board members' attendance at the next meeting of the Southwestern Division of the Illinois Association of School Boards May 22 at Belleville was authorized.

GC Relief Costs Up; Cases Down

While the number of recipients was down, total cost of Granite City township relief in April was up from the previous month because of increased medical expenses.

In April, 178 relief cases were reported, as compared to 193 in March. Comparable over-all costs were \$14,385 in April and \$11,629 in March.

Total number of persons receiving aid also was down, with 344 getting assistance in April. The March figure was 591.

The relief load for both months was more than double that for the same period last year. In April of 1961, 82 cases were reported, with 295 persons receiving relief payments of \$884.1.

March figures for a year ago were 89 cases, 314 recipients and an expenditure of \$639.3.

PAGEANTRY USA will be presented tonight and Friday night at Granite City high school by the girls' physical education classes. Approximately 800 girls will take part in the program which honors the May queen of 1962 and the girls of the top senior class. Maria Spangler demonstrates her athletic prowess here by concluding her act with a headstand during a dress rehearsal. The show has 16 acts.

GC May Queen Coronation To Highlight Program

"Pageantry—USA," will be the annual program presented by the Granite City high school girls' physical education classes, at 8:15 tonight and Friday night. The program honors the new May queen, Miss Teresa Griffith, her attendants, Misses Jean Fryntzko and Gay Mueller, and the girls of the 1962 graduating class.

Following selections by the high school band and "All States Review," a beach party scene put on by the seventh hour juniors, there will be a procession of top senior girls entitled "Miss America's Promenade." It will be climaxed with the coronation of the new queen with Miss Wanda Crabtree, the retiring queen, officiating.

Other numbers on the program

are a tap dance by the after school tap group, a folk dance by fourth hour sophomores, an American country dance by seventh hour sophomores, roller skating, ball gymnastics and rope jumping by fifth hour sophomores, a Charleston number by second hour juniors, an Indian dance by sixth hour juniors, and a can-can number by the fourth hour juniors.

Apparatus activities will follow by the after school apparatus group, an old time minstrel number by second hour sophomores, a novelty ball drill by first hour sophomores, marching by third hour sophomores, a Chinese fan dance by third hour juniors, tumbling by the after school tumbling group, a hula by fifth hour juniors, a modern dance by the after school modern dance group, a novelty dance by first hour juniors, calliothes by sixth hour sophomores, a Maypole dance by low senior girls, and a finale by senior girls.

April Traffic Reaches All-Time High For Locks

River traffic through the Chain of Rocks Lock 27 reached an all-time high during the month of April, according to an announcement today by Col. Alfred J. D'Arezzo, district engineer, U.S. Army Engineer District, St. Louis.

The record tonnage for the 30-day period in April was 2,333,011 tons. The highest previous record was 2,252,188 tons in October 1961.

There was a total of 8,529,811 tons of commercial commodities consisting of petroleum products 482,850 tons up and 205,500 tons down; grain 10,400 tons up and 786,600 tons down; coal 413,120 tons up and none down; cement, sand and gravel 2000 tons up and 4800 tons down; sulphur 30,500 tons up and none down; miscellaneous commodities 301,880 tons up and 45,800 tons down; and chemicals 38,900 tons up and 24,300 tons down; making a total of 1,335,800 tons up and 1,194,011 tons down.

Government freight was 3200 tons.

Through April this year there were 7,667,632 tons of freight compared to 6,642,753 tons at this time last year, and 11,669 vessels compared to 10,646 vessels last year.

There were 778 lockages in April compared to 666 in April of last year. Lockages through April totaled 2941 compared to 2249 through the same period last year.

A breakdown of vessels by class shows 859 towboats, 2878 barges and 10 U.S. contractor boats in the commercial category; 10 tow boats, 17 barges, one small craft, one construction boat and 4 patrol boats in the U.S. government category; and 45 private recreation boats.

Teenagers Need Confidence, Not Criticism, Troyer Says

(Editor's Note: The following is the first of four lectures by Dr. Raymond E. Troyer, Southern Illinois University psychology professor, to be given in the YMCA course on "Understanding and Working With Teenage Groups." The remaining lectures will be printed in coming weeks.)

Ten years are full of surprises. They are exciting years for the teen-ager, his parents and group leader. They are the most important years of life because it is during this period that a philosophy of life becomes internalized into the fabric of one's being which will be the guiding force during the remainder of his life.

You, leaders of youth in the Quad-City area, are especially privileged because you have an important role in the development of personality and character which shall be a determining force in the future of this community. While you have chosen to give of your time to the teen-agers, more important is the fact that they have chosen you to be a part of their inner circles.

During the next four weeks we shall try to gain a better understanding of our youth through study and discussion. In our sessions, we have invited teen-agers to sit in with us and help us in our reasoning together.

All of you have watched a baby learning to walk. You have seen how awkward he is, how he staggers and stumbles. Some times just when he is doing good, you've seen him fall on his face. At times he doesn't mind his falls. He laughs and starts all over again. If the bump has been too convincing however, he may give up his task for the time being and go back to crawling until he is ready for another chance.

He has his ups and his downs but he tries again and again. Each time he gets better. Just when you are sure that he has the problem licked, he is flat on his "opposite" end. Finally, he is walking as if he had always been doing it.

Just why does the baby want to learn to walk? He had life easy before. People carried him around and waited on him hand and foot. With all of his striving he now has learned to walk and people are going to expect a lot more of him.

You may ask what this has to do with teen-agers. If you change the concept of baby to teen-ager, and that of "learning to walk" to "learning to become an adult,"

you have a pretty good description of what young people go through between the ages of 12 and 20.

Adult's View
They too may stagger and stumble and make mistakes which look to older folks as plain foolishness. One day they are quite mature and the next their actions are like the young child. The whole business of youth is complex and often confuses and worries the teen-ager and the adults around him.

How do parents and adults view the attitude and values of their teenagers? Let's look at some of the things they say: "That boy just doesn't understand the meaning of money."

"Teen-agers have no sense about coming in at night."

"Young people don't understand that certain experiences should be postponed until adulthood."

Such comments are evidence that a gulf of misunderstanding exists between youth and adults. The gap between generations seems so great that some see in it a major social problem contributing to juvenile delinquency and other forms of youth unrest. From evidences in recorded history, there always has been this gulf and there probably always will be.

Social Change
The differences are created partly by rapid social change which makes the teen-ager generation grow up in a world quite different from the one in which their parents grew up. It also is an inevitable part of the endless repeated process of growing up in the human family. This process is a drama which has been lived and relived every generation since the origin of human society.

Social change has been occurring in human society for a long time, and has always tended to produce misunderstanding. Often the younger generation is more realistic and clear minded about the facts of the new world than the older generation, who is shackled to the past. The older generation would profit by trusting the younger as it works out new patterns of social relations in a changing society.

One of the newer concepts that has helped us understand teen-agers has been that of developmental tasks. These are conceptualized as adjustment difficulties or hurdles that must be surmounted by all youth before adult status can be realized.

We might divide them into five chief categories. They need to learn (1) to accept and come to terms with their own bodies; (2) an appropriate sex role; establish independence from

adult (particularly parental) domination; (4) achieve adult economic status and (5) develop a system of values.

These tasks are related to general maturations taking place in the personality structure of youth and to their striving for both short and long-term goals. By looking at these, we can see the problems of growing up are not easy.

Parental Influence
There is an unspoken understanding and communication between a teen-ager and his parents. The teen-ager is developing in the family during the childhood years. The moral voice of his parents has been incorporated into him. Even after declaring his independence of them, his conscience repeats their warning and controlling voice.

We are all aware that personal habits of responsibility, honesty, friendliness, moral courage, and self-control grow out of family training. When adults are certain of the values they hold upon, most, their teen-agers have little difficulty in making an adequate adjustment. With many parents today, however, there is confusion. This contributes to some of the problems of young people.

Let us look just at some patterns of parental behavior and the effect on the teen-ager. Underdominated children have considerable experience in self-assertion and choice making. But as a result of growing up in an undemanding, indulgent, and unrestricted home, they do not develop personality attributes that implement volitional independence on an adult level, nor do they develop tolerance, self-critical ability or the capacity for realistic adjustment.

Accustomed to their parents' submission, they are unable to accept authority; they make unreasonable demands upon others, and expect special consideration. They behave as if they were exempt from the usual moral restraints governing most people.

Over Domination
Near the other extreme is the overdominated parent. However, studies show that when a parent's overdomination is benevolent, consistent, and acceptable to the child, neither rebellion nor complete maturational failure results. Where high standards are set, the teen-ager may be industrious, highly motivated, responsible, and self-critical.

It is unfortunate when such parents do not permit some freedom. Their children may have great difficulty as they become adults because their moral and realistic values are dominated by the personal figures of parents.

The underappreciated child is in another group. He is discouraged early in life from seeking status. He sees little purpose in striving, since regardless of his efforts the only reward that means anything to him, parental approval, is not forthcoming. Maturation is undertaken half-heartedly and may terminate at a sub-adult level.

There are many other classifications of parents and resultant teen-age characteristics which we could discuss. In general, we can say it appears communication between the generation is probably less difficult and more satisfactory today than in the past.

Better Understanding
One thing stands out. We know more about human behavior than we know about the behavior of youth better. This is especially true in those groups where adults study teen-agers and where youth study human relations.

Improvements are also being seen in family relations. Father is not so authoritarian as he was 30 years ago, and being less authoritarian, he has less difficulty communicating with his teen-son or daughter. In general, the family is more democratic than it has been in the past, and a democratic family permits a freer communication among its members.

The values of teen-agers differ from adult to family and from community to community. Answers to the following will give indications as to sources of values: What activities are rewarded? On what basis are some teen-agers admired by others? What are the teen-agers' chief goals? What activities are looked upon as admirable? What qualities are held to be admirable?

The values of the teen-ager, in one society may propel young people into productive, creative futures, while in another they may lead to dead ends, wasted years, or poor adjustment to adult life. But adult communities and societies can do something about these matters, for it is they who determine the patterns of youth activities.

Search for Identity
Students of teen-agers often find that their chief concern is the renewed search for self-identity. The two-year old goes through the preliminary stage of getting realistic goals. But later he has lost himself in his family and gang loyalties. As a teen-ager, the problem becomes acute.

"Am I a child or an adult?" he asks. Parents are usually of help. Sometimes they treat him as a child; sometimes they expect him to shoulder mature responsibilities. Adult vacillation may be the cause of youth not understanding himself. Who can say where maturity starts? Youth doesn't know, but neither does society.

The rebelliousness of youth is related to his search for identity. It is his final bid to "stand on his own feet." Rejecting one's parents, in whole or in part, often seems to be a necessary, although cruel, stage in the process. This is the counterpart of the toddler's negativism.

The search for identity is revealed in the way our young people try on different masks. They first develop one line of chatter, then another; one style of hairdress and then another (all within the range permitted by others of their own age). They imitate one hero and then another. They are searching for a garb that will fit.

What they really want is not yet fully present. They want their adult personalities. Since adults are often scornful of these experiments, youth usually try them out on each other. Each is seeking assurance that he or she can attract and hold, and can play an acceptable role in the serious business of living.

Values and goals the teen-ager strives after and the means he selects for trying to achieve them are largely determined by what he conceives himself to be and what he conceives himself able to become. People who view human nature as basically kind and good are likely to behave in different ways from those who view human nature as basically cruel and selfish.

Level of Aspiration
Each of us spends a major portion of his life acquiring the knowledge of living. And as man's scientific and technological progress continues, the amount of information and the complexity of skills one needs continues to increase. Thus, the problem of acquiring the know-how of living becomes increasingly difficult and more time consuming.

In psychology, we often speak of "level of aspiration." This refers to the standard of performance a person sets for himself or herself to attain. This level becomes a marked influence on the effort a teen-ager will put forth. His picture of his abilities determines what he will do, or at least what he will attempt to do.

An interesting sequence of events during the teen years is an initial enthusiasm for an activity followed by sudden loss of interest. For example, a boy becomes interested in photography. At first, he is delighted to be able to develop and print an ordinary snapshot. That is in accord with his level of aspiration. Success causes him to be enthusiastic about his hobby.

However, as this boy sees the work of experts, he is almost sure to become dissatisfied with his own accomplishments. Now he sets up a new level of aspiration. If he fails to reach the new level, there is a loss of interest. He then turns to new areas for success. This sequence gives the impression that teen-agers are a flighty, fickle lot.

A great many young people either overestimate or underestimate their abilities. They set a level of aspiration that is too high or too low. Through their successes and failures, they learn to become realistic about themselves.

Adult Expectations
On the basis of my experiences, I am personally convinced that the greatest error made by adults and leaders in dealing with teen-agers has been an underestimation both of their capacity and their character. Actually, they will do about what we expect them to do.

This view is somewhat heretical. A great many public figures have been bewailing the lack of ambition, initiative, and industry among the younger generation. This stress has been predominantly negative.

Let us be honest — usually young people have a legitimate complaint about their treatment. They are given routine, meaningless work for too long a time. It may be looked upon as a kind of baiting or test of character. Children learn to respect the basic rules of the family and school when they have been involved in making these rules. They learn to live in harmony with others when they have experienced good relationships with others. If we can take teen-agers in with us in our planning on important things, we will find a mutual respect being developed. Also, we will find that they will work at whatever tasks society has a need for them to perform.

Youth Reaction
Here is what one disturbed teen-ager has written: "Adults display me because they absolutely have no respect or confidence in a teenager. They don't believe that the opinions and views of the younger person are of any value. More often than not they will lecture and tell you what you should do, but you don't know what you're talking about."

Too often, parents and leaders gain the impression from a talk such as this, that we are saying they should abdicate in their responsibilities. It is not our intention. It's part of our task to show the teen-ager how to be a good adult.

Telling youth "no" when necessary isn't going to hurt them. We use moderation and understanding. It should be a part of their learning experience.

In the future, they will find that groups. We need to be able to say "no" on some occasions. However, when they are accepted and feel their ideas and opinions are respected, they will make a greater effort to make themselves and their problems understood.

Issue Permits For \$44,000 Apartment Bldg.; 17 Houses

Building permits have been issued for a new \$44,000, three-unit apartment building on Johnson road, as well as for 17 new houses, according to Earl Bloomquist, city building inspector.

The new construction, along with a number of home improvement projects, increases the city's total to \$337,789. New home permits included 11 to Leo Wolf Co. for houses in the Lueders Park Estates and one for a two-family duplex on Yale drive.

The apartment building, to be erected by the Kent Realty Co., will contain 14 rooms, with three full and three half baths. The 28 by 59 foot brick veneer structure will be on a lot with 75 foot frontage at 1553 Johnson road, 70 feet deep.

The apartment unit is to be built on a C-1 commercial zoned area. The duplex for which Leo Wolf Co. received a permit is to be built at 2910-12 Yale at a cost of \$23,000. Also of brick veneer exterior construction, will contain 10 rooms and two baths.

In addition to the new house permits issued the Wolf firm, three were issued to Kent, one to contractor Pete Jellen and one to Charles Lahay for a six room, \$13,500 dwelling at 17 Brainerd.

Permits issued to Kent were for a \$19,900 home at 12 Mercer drive, a \$16,500 home at 10 Mercer drive and a \$19,900 home at 2361 Edgewood avenue. The permit to Jellen is for construction at 29 Del Rio drive of a \$17,100 home.

Princeton Drive Homes
The Lueders Park Estates permits received by Wolf were for brick veneer homes on Princeton drive, six in the 3100 block and five in the 2900 block. Prices range from \$15,432 to \$22,628.

Permits issued for home improvement projects were as follows:
Enell Mann, 2823 Palmer avenue, for a \$3,000 addition; Edward Reddish, 2505 East 23rd street, \$1,795 aluminum siding and carpet; Edwin Reiske, 2633 State street, \$1,500 patio; Robert Barnhart, 2832 Dewey street, \$1,200 addition; Edward Anadorean, \$380, bath fixtures at 2117 Grand avenue; L. MTF Funds Sought

Hazardous Sidewalk Study To Be Made Throughout GC

A study to determine the amount of hazardous sidewalks that could be replaced with motor fuel tax funds was authorized Monday night by Granite City council members.

However, several aldermen said they would oppose the sidewalk work should it delay any street work already scheduled under the city's MTF program.

The state highway department advised the city the funds could not be used for extensive replacement or for the relocation of sidewalks. It specifies the sidewalks must be on the right-of-way of arterial streets.

Council members approved five resolutions seeking motor fuel tax funds. Included was the regular MTF annual maintenance fund of \$104,000 for all arterial streets in the city through next Dec. 31.

MTF Resolution Resolutions

Other resolutions seeking state allocation of MTF funds for street improvements include \$40,000 for curbs and gutters and 34-foot wide asphalt paving for Maryville road from Pontoon road to the north city limit; \$40,000 for asphaltizing Edison avenue from 24th to 27th street; and \$15,000 each for asphaltizing the 2000 blocks of Ben street and Delmar avenue.

Alderman Estill Von Schmitt, chairman of the Street committee, was given authorization for his committee to investigate

a possible savings through installation of plastic stripes at crosswalks. It was pointed out the stripes now are painted annually, while the plastic stripes are to last five years. Schmitt said no cost figures were available, but the committee would arrange to meet with a representative of the firm that recently had talked to other city officers.

A request was submitted by Alderman Frank Vesel for the committee to consider resolutions for improvements to sections of the 1500 blocks of Clark, Garfield and Cottage avenues and Lindell blvd. immediately east of Nameoki road. He pointed out that most of the 1500 blocks of the streets are improved with the exception of short distances off Nameoki road. He asked for curbs and asphalt paving.

Referred to the Finance committee was a request from Reumsters Local 525 to open contract negotiations for workers on the street department.

Permission was granted the Downtown Granite City Shopping Center to block off sections of 19th street, State street, Delmar and Edison avenues from 7:30 to 9:30 p.m. May 28 to stage the final contest in a beauty pageant.

THERE IS NO STRIKE at Your Kroger Store

Here is the truth about pickets you may have seen parading around at our Kroger stores. They are not Kroger employees. We understand they were hired by the Retail Clerks Union of Chicago and put there in an effort to damage Kroger's business in this area, which, of course, would result in damage to the jobs of people employed by Kroger.

They are doing this because Kroger will not agree to substitute a Union sponsored pension plan for the present Kroger Employees' Profit Sharing and Retirement Income Program. The Union sponsored plan may not go into effect until January 1, 1965. The present program enjoyed by thousands of Kroger employees has been in effect for many, many years.

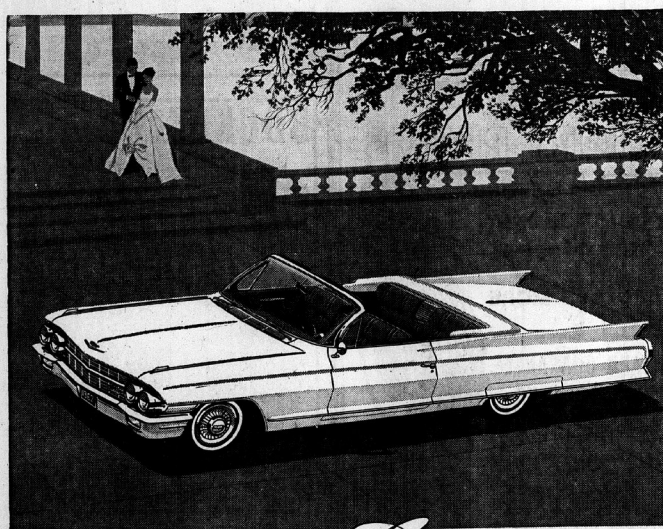

In an effort to force their will on Kroger and Kroger employees, the officials of the Clerks' Union called a strike on Kroger in Chicago two weeks ago. They did this without a vote of Kroger employees and the Kroger employees in Chicago are not supporting the strike called by their own officials. Over 85% of the Kroger Clerks in Greater Chicago are working. All of the Union Meat Cutters, Warehousemen, Drivers and Bakers are on the job in Chicago, and all Kroger stores are open and serving the public.

With their Chicago strike a failure because it is against the will of the employees, the officials of the Clerks' Union are trying to spread their trouble to this area and other places outside of Chicago.

We want to emphasize again that there is no labor dispute in our local stores, and the Employees and the Company hope we merit your continued patronage.

Club Accepts Member: Plans Fund-Raising: Robert Winfield, of 511 Fleming street, Mitchell, has been accepted for membership by the Mitchell Kiwanis club.

The club met Monday night at Smith's cafe for its regular weekly meeting. John Sands presided.

Plans were made for a fund-raising event, the sale of "Support Youth Activities" decals. A contest will be held for children of the Mitchell area with prizes for those who sell the most decals.

Children wishing to enter the contest may do so by having parents collect Bud McKinnon at 555 Chouteau avenue. He also may be contacted Monday from 7 to 9 p.m. at Smith's cafe. The contest will close at midnight June 30.

All funds raised in the sale of decals will be used on Kiwanis youth projects.

Rites Conducted For Arlie M. Mercer, 64

Funeral services were conducted yesterday afternoon at a Granite City funeral home for Arlie M. Mercer, 64, of 2824 Victory drive. Interment was in Sunset Hill Cemetery.

Mr. Mercer was dead on arrival at St. Elizabeth Hospital at 11:15 a.m. Monday after being stricken with an apparent heart attack while at work in Wilson Park.

He had been employed by the Granite City park district for only three days.

An inquest is pending. Surviving Mr. Mercer are three sons, Harold, Frederick and Arlie Monroe Mercer, all of Granite City; four brothers, John and Carrie of Bourbon, Mo., Howard of Berger, Mo., and William of Granite City; his mother, Mrs. Nancy Mercer, Bourbon, Mo., and nine grandchildren.

An obituary notice appears elsewhere in this issue.

Record 13,225 Bridge Traffic Daily In April

McKinley Bridge traffic in April set a new daily record with an average of 13,225 vehicles.

The 30-day tally of 396,788 feet slightly below the record of 399,299 set in March, the previous month, when the average for 31 days was 12,880. The Mississippi River span is owned by the city of Venice.

At the April rate, traffic would exceed 400,000 in a 31-day month. The 400,000 level has not yet been attained, but there were near-misses in March 1962, October 1961 and August 1961.

Auto and truck crossings so far in 1962 are well ahead of 1961, including 348,101 in January, 316,316 in February, 352,316 in March, 399,299 in April and 396,788 in May.

Record City Sales Tax Revenue For January In Area

Record January city sales tax revenue for Quad-City municipalities was announced today by the Illinois Department of Revenue. Granite City will receive \$13,619, Madison \$35,449 and Venice \$394 for a Quad-City total of \$24,103, highest ever for a January. For comparison, the previous January Quad-City totals were \$18,728 in 1961, \$19,792 in 1960, \$18,803 in 1959, \$17,179 in 1958 and \$17,256 in January 1957. The Granite City and Madison figures also mark new January highs. Previous January records were \$15,499 in Granite City and \$3,279 in Madison, both in January 1960.

The areawide sales tax total of \$24,103 for January 1962 tops any month of 1961 except December, when the half-cent-per-dollar city treasury income reached \$26,642.

JA 'Future Unlimited' Banquet This Evening

Junior Achievement of the Mississippi Valley will stage its annual "Future Unlimited" banquet today at 6 p.m. in the main building of the St. Louis Arena.

Approximately 2000 business and teenage executives, including those from the Granite City JA center, will attend the banquet, where \$40,000 in college and cash scholarships will be presented to 16 top achievers from JA centers in the Greater St. Louis area.

Local and national industry awards also will be presented to the JA companies which excelled during the current program year, now drawing to a close.

As a special feature, Junior Achievement will recognize the high schools of the area in an effort to publicly recognize their participation in the JA program. Principal speaker will be Robert Wagner, president of the U. S. Chamber of Commerce.

Banquet chairman is William A. McConnell, chairman of the executive committee of the First National Bank in St. Louis.

Twilight Optimists Nominate Officers

The Twilight Optimist club met Monday night at the Den 2401 State street, with 11 members attending.

A business meeting was conducted at which nominations were made for officers for the coming year.

Those nominated were Arthur L. Metcalf for president; Robert Spengler for first vice-president; Jerry Rosenberg for second vice-president; Arthur Conary for secretary-treasurer; Harold Matson, Dwight Taylor, Paul Seebold and Charles Landis for the board of directors; and Wilson Andrews as alternate for the board.

The election will take place before July 1, the date the new officers take office. The election will be a formality, however, since no office is contested.

The next meeting will be held Monday, May 21, at the Den and members will then go to a baseball game in St. Louis.

Liquor Bonds Approved For 3 GC Taverns

City liquor license bonds in the amount of \$2000 were approved by Granite City council members for renewal of three tavern permits. The bonds were presented to the council by Alderman Frank Vesci, deputy liquor commissioner.

The renewals were for Everett Messenger at Eddie's Lounge, 2900 Nameoki road; George J. Elice Jr. for the Bouary tavern at 1344 State street, and Henry Ross for the Big Top Bowl, 5701 Nameoki road.

PLAN FOR PTA PICNIC, PATROL SKATING PARTY

The executive board of the Webster school PTA met Monday at the school with the president, Mrs. Jo Ross, in charge. Kenneth Cann reported on plans for a skating party May 31 for the patrol boys and girls, and soft drinks will be furnished for them.

Mrs. Pat Pool reported on the teachers' luncheon June 7, when she will be assisted by the room mothers and the executive board. Plans were discussed for the regular PTA meeting on Monday, when installation of officers will be held. Mrs. Ada Avery announced that the program will be square dancing by the Webster school Wagonwheels of the park district. A special invitation is being extended for the sixth grade classes to attend the meeting.

The school picnic was discussed. The date is May 24, and circus theme is to be used. On May 18, a talent show will be held at the school and the proceeds are to be used to purchase a piano.

Other members taking part were Principal Clyde Lee, Gerold Lux, Mrs. Helen Frazier, Mrs. Ellen Tritschuh and Mrs. Doris Stutz.

Den One of Cub Pack 122 of the Wilson school PTA met Monday with Mrs. Beverly Simpson, 2812 Edgewood avenue. A project of Mother's Day gifts was continued and refreshments were served to two new members, Bobby Melson and Paul Bryan, and Michael Alvord, Len Weaver, Jerry Weller, Keith Rodgers, Ernie Edwards and Ben Chief Philip. 20-5-10

ORCHID THEME FOR MOTHER-DAUGHTER DINNER

A mother-and-daughter banquet was held Monday evening by the Entre Nous club. Dinner was served at the Rose Bowl in Granite City.

Each mother was presented with an orchid in keeping with the theme of the orchid banquet. The favors were picture hats decorated with orchids, made by Mrs. Naomi James and Mrs. Geraldine Brooks.

A program followed the dinner, with Mrs. Muriel Jenne as toastmaster. The mothers were introduced prior to serving of the dinner.

"What is a Mother?" was a read by Mrs. Lorraine Fogle. A comedy song was sung by Mrs. Eva Clemens and Mrs. Jennie.

Others attending were Mrs. Jensen and her mother, Mrs. Esther Byrnes; Mrs. Louise Foster and mother, Mrs. Jesse Foster; Mrs. Lorraine McIlvoy and mother, Mrs. Myrtle McIlvoy; and Mrs. Lexa Holston; Mrs. Lela Kaula and mother, Mrs. Anna Kaula; Mrs. Lorraine Creighton and mother, Mrs. Dora Hargrave; Mrs. Emma Graves and mother, Mrs. Sophie Messner; Mrs. Dolly McFarland; and Mrs. Dora Graves; and Mrs. Eva Clemens and mother, Mrs. Ned Jilkoff, and Mrs. Belle Clemens.

Games were played by the group, with prizes awarded.

BROWNIE SUPPER PARTY

A pot luck supper and entertainment program were held by Brownies of Troop 266 and their leaders for the parents of the Brownies Tuesday evening in the home of Mr. and Mrs. Les Thiele, 1508 St. Clair avenue.

The basement of the Thiele home was appropriately decorated for the occasion, with colorful tablecloths, and matching napkins, and bouquets of fresh flowers.

Each girl gave a reading, sang or acted. The girls presented their mothers with gifts for Mother's Day which they had made at their weekly meetings in the home of the Brownie leader, Mrs. Mariene Serini. Movies were made through the evening by Mrs. Stephens.

An earlier film of the Brownie modeling Easter bonnets were shown by Ralph York, uncle of the leader.

Those taking part were Mrs. and Mrs. Bob Serini and daughters, Sandra Kay and Sharon Lucille, Mr. and Mrs. Charles Stephens and daughters, Paul and Susan, Mr. and Mrs. E. M. Strader and daughter, Noni Kay, Mrs. Chris Rowekamp and daughter, Chris Diane, Mrs. Mildred Boyd and daughter, Susanna Baker, and Mrs. Lola Barker and daughter, Vickie.

Mr. and Mrs. Glenn Ritter, 1632 Second street, entertained dinner guests in their home Sunday. The guests included Mrs. Gus Ritter, Mr. and Mrs. David Hargrave and family of Marshall, Ill., and Mr. and Mrs. Gene Trish of Granite City.

Mr. and Mrs. Ritter had spent the previous weekend in Marshall, and Mrs. Gus Ritter returned to Madison with them, spending a week with her son and daughter-in-law returning to Marshall with the Nash family.
